Plans Laid For Vernon Bargain Week

Local Business Men Decide That Week of June 12-18 Will Be the Time

Exceptional Values Will Be Offered

Merchants Pledged To Co-operate—Splendid Enthusiasm Already Evident

Vernon Bargain Week is to be from Friday, June 12 to Thursday, June 18. This was the decision at the meeting of the Vernon Business Men's Association held in the Chateau Cafe on Wednesday night. It is to be a real week of shopping bargains and all the merchants are to unite in offering exceptional values.

The Vernon News was invited by Harry Scott to refuse the stereotyped style of advertising and to insist that all ads contain outstanding values. There was a unity of spirit among those in attendance that was expressed in Larry Lang, advertising manager, that he would insist on modern merchandising methods. The radio will be used and a committee is to devise ways and means of securing a complete degree of co-operation.

A letter prepared by the executive was read and endorsed. It pledged the co-operation of the merchants and a degree of enthusiasm that has not been in evidence in a joint effort for some time. President T. E. Yull is to name the committee which is to go quickly to work because the time is so short.

So enthused were the business men with the ideas and the value of the week to business, if one merchant invited a doubting Thomas to put a three-column ad in The Vernon News and if he did not get results offered to pay for it himself.

It is anticipated that successful efforts will result in another bargain week during the fall. The men assembled expressed the opinion that they would sooner have 20 merchants go into this venture with good will and a determination to succeed, than 30 to 40 in and each wait for the other to put on values to draw the crowds. It was admitted there would be "passengers," but that did not deter the assembled business men.

It was suggested there ought to be a fund for the incidental expenses and this will be provided. The atmosphere of business is to pervade the district, if plans maturing are brought to fruition. Shop windows are to be dressed, special lighting features employed, and maybe streamers for car windows.

Strict enforcement of the by-law regarding closing hours for business places was promised. The petition which the City Council accepted was signed (Continued on Page 4, Col. 6)

ADVISES GROWERS TO APPOINT THEIR ADVERTISING MAN

T. G. S. Chambers Advocates Securing Expert To Join in Program of Publicity

T. G. S. Chambers, Commissioner for British Columbia for the Tea Market Expansion Bureau, and former Vice-President of the B.C.F.G.A., has been greatly interested in the proposal that the fruit growers organize an extensive advertising program.

However, it is his advice that the growers secure an expert in advertising manager as their own choice, whose task it would be to check upon and co-operate with an advertising agency carrying out the work. This, he maintains, would ensure best results.

According to G. A. Barrat, of the Tree Fruit Board, this question of an advertising campaign looms as the most likely outstanding subject to be discussed when the delegates gather at Kelowna next Tuesday for the annual nomination convention and transaction of business affecting the Board.

JAMES BELL IS PROUD OF CUP

James Bell, of Mara, accompanied by his son, George, was a proud visitor in Vernon on Tuesday, for he was exhibiting to his friends the splendid silver trophy he had received from London, England. This cup was from the Red Pott Cattle Society of Great Britain and Ireland, and is the reward that goes annually to each province of Canada in turn. H. E. Waby having been the last B.C. winner, nine years ago. Belledon King II, grand champion at last year's Armstrong fair, is the fine bull that brought the honors to Mr. Bell.

CROWN MAY QUEEN THIS AFTERNOON

Commencing this afternoon, Thursday, with the parade from the Central School to Polson Park at 1:30 o'clock, the annual May Day ceremonies will be held with the foultie the crowning of the May Queen, Miss Mildie Chambers.

Addresses will be given by Mayor Prowse, P. B. Coslett, and School Trustee Joe Harwood, with the proceedings presided over by R. Peters, President of the Board of Trade.

Besides the crowning of the May Queen, a maypole dance, drills, and children's races will be on the program. Commencing at 7 o'clock a dance for the young folks will be held in the Scout Hall, followed by an evening's dancing for the adults.

Cherries Start Early In June

OLIVER, B.C., May 25.—Shipment of early cherries is expected to commence the first week in June from orchards in Osoyoos district. The cherry crop is looking good this year, although some trees show signs of winter injury. Spring weather was entirely frost free, and a splendid set was obtained. Many growers expect to gather the best cherry crop since their trees were planted.

Last winter was hard on apricots and a considerable number of trees were killed or badly damaged. Peaches also suffered from winter injury but appear to be recovering, and the peach crop will be fair. According to reports a good apple crop is expected throughout the district and yield of pears will also be good. Winter damage to pears and apples has not been definitely determined but it is believed to be light.

Early cucumbers will be marketed about the third week in June.

Vernon Beats Salmon Arm 9-5 In First Fixture On The Interior League Schedule

Wobbly Defence Spells Disaster For Main Liners As Vernonites Bunch Hits

By a score of 9 to 5, Vernon defeated Salmon Arm in the opening game of the Interior League, at Salmon Arm Sunday, before a fair-sized crowd.

Although the home team out-hit the visitors their defence was wobbly. Cross scored for Vernon in the initial frame when he singled, after Netzel had struck out, stole second, and crossed the plate on L. Scott's error. Salmon Arm evened the count in the second inning on a double by Sladen and Jamieson's single. However, Vernon came right back in the third and rung the bell five times. Crawford and Netzel were passed by Calvert, Cross flied out to Jamieson in centre field, but Antilla singled to left field, scoring Crawford. An error by Farmer and

Ogopogo's Spring Debut

IT'S big news for the Okanagan—Ogopogo's been seen again, and by two men who are regarded as very reliable witnesses.

The big event was on Sunday, just about one o'clock in the afternoon, and the witnesses were W. X. Perkins, owner of the Grand Forks Garage, at Penticton, and his chief mechanic, Mike Larama.

The famous sea-serpent poked his body into view about one mile off Squally Point, near Peachland, and, according to these two onlookers, they were given quite a show for a considerable time.

Mr. Larama is a "repeater." This is the second time he's been favored by a glimpse of Ogopogo, and he reports that the denizen of the lake depths hasn't changed at all.

The two men describe Ogopogo as "somewhat longer than our fishing boat," round in shape, with a black body. When it disappeared it left a marked disturbance on the lake waters for quite a long period.

Lord Mayor of London Is Invited to Inspect The Okanagan This Summer

Associated Boards of Trade of Valley Decide To Extend Welcome

To Advertise Valley During Jubilee Time

Attempt Will Be Made To Attract Coast Visitors To the Okanagan

The Lord Mayor of London is being invited to visit the Okanagan during the course of his trip to British Columbia this summer, at the time of the Vancouver Golden Jubilee celebrations.

The invitation was decided upon at the meeting of the Okanagan Valley Boards of Trade, held in the Royal Hotel at Kelowna, last Friday evening, and R. Peters, President of the Vernon Board of Trade, was the one who first made the suggestion.

Mr. Peters offered his idea, in a half jocular vein, during discussion of the means which might be taken to advertise the valley, in Vancouver, during a period when there will be thousands of visitors from distant areas, in that city.

Later, when no action had been taken on the suggestion, and when discussion had reached other topics, Capt. H. P. Coombes, Secretary of the Vernon Board of Trade, revived the idea, and said that it was an excellent suggestion, and the result was that the meeting approved the invitation, which will go forward to London.

Mr. Peters also brought forward the idea of having a special car, or several special cars, arranged for the Board of Trade party from the valley to Vancouver, at the time of the Jubilee celebrations.

H. T. Griffiths, secretary of the Penticton Board of Trade, said that the proposal had been considered by his Board, but it was felt that there could be no direct benefit for the Okanagan "in going down to spend our money at the Coast," and hence it was not regarded as a matter to be undertaken under the Board's auspices.

Considerable opposition greeted this statement. The invitation was extended by the Vancouver Board of Trade for us to come down, and that invitation was in a genuine spirit of hospitality," commented Capt. Coombes. (Continued on Page 4, Col. 4)

Vegetable Marketing Agency Controls Hothouse Tomatoes

Short-Term Pools To Be Operated—Prices To Be Set By Coast Agency

Hothouse tomatoes are starting to move and this year in the Okanagan they will be controlled by the Interior Vegetable Marketing Agency, Ltd. The price for these first shipments is \$3.50 per crate.

The Okanagan deal, which amounts to about 8,000 to 10,000 crates, is almost insignificant as compared with the Coast production of about 180,000 crates. The Coast Hothouse Tomato and Cucumber Board really controls the whole deal, and it has appointed the Interior Vegetable Marketing Agency, Ltd., as its sub-agency. Last year the Associated Growers were appointed, but some criticism arose from independents, and this year's arrangement, it is believed, will meet with better acceptance.

It is explained by Col. E. Poole, manager of the Interior Vegetable Marketing Agency, that all hothouse tomato producers must be registered with its sub-agency, but they are free to market through whatever shipper they wish to, providing the shipper is one of the duly authorized marketing representatives of the Vegetable Marketing Agency.

Short-term pools will be operated on the hothouse tomatoes. Returns on the sales will go to the agency, and it will make the disbursements to the growers.

On Monday Col. Poole, accompanied by H. B. D. Lyons, of Kelowna, the largest individual producer of the hothouse tomatoes in the valley, went to Vancouver to confer with members of the Hothouse Tomato Board, and there was a discussion regarding methods of operations.

Prices will be set, reports Col. Poole, by the Coast agency, and will be wired to the Interior. The Interior producers will have the markets in the Interior at their disposal, with the exception of Nelson which will be, in all likelihood, a joint market for Interior and Coast producers. Such quantity as the Interior producers cannot dispose of in their own territory will be moved to Alberta and Saskatchewan markets, it was agreed.

The outlook for sales is not particularly bright one, it is reported, with American stuff being brought in very heavily at only a 2 cent. per pound duty. This has brought the price level down to a very large extent.

Light Docket At Spring Assizes

Indications at the present time point to a very light docket at the Spring Assizes which are scheduled to start in the Court House on Monday, June 8, at 2:30 o'clock.

So far as is at present known there are but three criminal charges: Davidson and Hembrough, breaking and entering, from the Similkameen; Joseph Henick, carnal knowledge, Armstrong; and Paul Vuklin, arson, Grand Forks. What civil actions are listed is not now certain.

H. V. Craig, of Kelowna, is being prominently mentioned for the position of Crown Prosecutor. As usual, the name of the presiding judge is not given out until shortly before the date set for the opening.

OYSTER SHELL SCALE IS IN "MOVING" STAGE

H. H. Evans, district field inspector, warns all growers in this district that the oyster shell scale is now in the "moving" or "crawling" stage, and he urges that the calyx spray with nicotine sulphate should be put on as soon as possible in order to catch the green aphids as well.

In the sixth, Sladen got his second double when he lined into left field and Jamieson singled to score him.

The lucky seventh was the big inning for the locals. Kwart hit a

School Board To Hold Plebiscite

Taxpayers To Be Given Opportunity of Recording Their Opinions On Different Sites—Then, After Majority Vote Is Secured For One Site, Building Program Will Be Again Voted On—Council In Favor

The Vernon School Board, following a lengthy meeting Wednesday evening, approved of a plan to place a referendum before the taxpayers of this city, asking their opinion on the choice of a site for a new school.

The necessary petition to hold this vote, required under the provisions of the Municipal Act, is to be obtained as soon as possible, and it has been suggested that the school pupils might conduct the drive towards this end. Twenty per cent. of those entitled to vote must sign the petition.

Following their meeting the School Board members went in a group to the City Council, which was also in session on the same evening, and the Council gave the assurance that it will give its support to the latest proposal.

After a decision as regards the site is given, on a majority vote, the School Board then proposes to advance a further plebiscite on the actual building program.

The other sites to be offered the voters for their consideration were not definitely decided upon by the Board members at their meeting, but at least three and perhaps more choices will be submitted.

There was the suggestion, both at the Board meeting, and at the subsequent conference with the Council, that the vote on the actual building program and the alternative sites should be held at the same time, but City Solicitor C. W. Morrow explained that this is impossible under the provisions of the Municipal Act.

It is permissible to vote on the building, and one site linked up with it, as on the recent ballot when the project was defeated, but the authorities can not ask the voters to record their decision on a school—and a number of different sites, at the same time. Under the circumstances, therefore, the plan as now proposed was regarded as the only feasible one.

The Trustees were unanimous in declaring that they would not countenance any suggestion of "patching up" the present buildings. If that proves to be the only recourse, it is evident that they will resign.

There was some discussion regarding resignation at the present time, but, in Trustee French's words: "It would not be fair to the children nor to the teachers, who have given us such long and faithful service, to avoid making this further effort to secure adequate accommodation."

The Board therefore determined to carry on, and press forward on the plan agreed to.

Vegetable Marketing Agency Controls Hothouse Tomatoes

Short-Term Pools To Be Operated—Prices To Be Set By Coast Agency

Hothouse tomatoes are starting to move and this year in the Okanagan they will be controlled by the Interior Vegetable Marketing Agency, Ltd. The price for these first shipments is \$3.50 per crate.

The Okanagan deal, which amounts to about 8,000 to 10,000 crates, is almost insignificant as compared with the Coast production of about 180,000 crates. The Coast Hothouse Tomato and Cucumber Board really controls the whole deal, and it has appointed the Interior Vegetable Marketing Agency, Ltd., as its sub-agency. Last year the Associated Growers were appointed, but some criticism arose from independents, and this year's arrangement, it is believed, will meet with better acceptance.

It is explained by Col. E. Poole, manager of the Interior Vegetable Marketing Agency, that all hothouse tomato producers must be registered with its sub-agency, but they are free to market through whatever shipper they wish to, providing the shipper is one of the duly authorized marketing representatives of the Vegetable Marketing Agency.

Short-term pools will be operated on the hothouse tomatoes. Returns on the sales will go to the agency, and it will make the disbursements to the growers.

On Monday Col. Poole, accompanied by H. B. D. Lyons, of Kelowna, the largest individual producer of the hothouse tomatoes in the valley, went to Vancouver to confer with members of the Hothouse Tomato Board, and there was a discussion regarding methods of operations.

Prices will be set, reports Col. Poole, by the Coast agency, and will be wired to the Interior. The Interior producers will have the markets in the Interior at their disposal, with the exception of Nelson which will be, in all likelihood, a joint market for Interior and Coast producers. Such quantity as the Interior producers cannot dispose of in their own territory will be moved to Alberta and Saskatchewan markets, it was agreed.

The outlook for sales is not particularly bright one, it is reported, with American stuff being brought in very heavily at only a 2 cent. per pound duty. This has brought the price level down to a very large extent.

FARMERS CAPTURE OPENING SPENCER CUP CRICKET GAME

Local Canadian Legion Eleven Loses On Sunday By Score Of 176 To 78

In the initial Spencer Cup game of the season, played on the beautiful Schubert Street grounds on Sunday last, the Vernon Farmers cricket eleven won from the Canadian Legion team, scoring 176 to 78.

The feature of the match was a finely played 78 by Tomkins, a former Coast player, for the Farmers, who was finally caught out by Roberts on Coslett's bowling. Other good bats for the victors were E. Davison with 29 and Palmer with 26.

For the Legion, Roberts, the first man to bat, was the lone player to reach double figures, securing 32.

Owen Kurn, promising young all-round athlete, took six Legion wickets for 45 runs and T. Davison four for 25.

The Farmers made it two victories in a row over the week end when they defeated Vernon City eleven 121 to 92 in a friendly match played on Monday on the Schubert Street grounds.

Kurn hit a nice 57 for the Farmers, followed by E. Davison with 21, and N. Palmer, Sr., with 11. For the City Curran-Itlion made 29 runs and Cullen, 10.

TENNANT PROPERTY CHANGES HANDS

For the first time in 33 years, R. E. Tennant's extensive holdings on Barnard Avenue West have changed hands, the purchaser being B. A. Bradley, of this city. In 1903 Mr. Tennant acquired the property, the sale to him being the first made from that Grouse sub-division.

Mr. and Mrs. Tennant are leaving soon for Vancouver and other Coast points on an extensive holiday trip, but they are uncertain at present if they will reside there permanently or return to Vernon. A sale of their effects will be held on Thursday next, June 4.

Mr. and Mrs. Bradley have disposed of their residence on Mission Hill.

Abbott Leads Magpie Shoot

Bagging 123 magpies for the tremendous total of 1,280 points, Art Abbott, of Vernon, this week secured a commanding lead in the crow and magpie shoot sponsored by the Vernon and District Fish and Game Protective Association.

Other counts turned in up to Wednesday last to Jack Woods' barber shop are: L. Vici, 12 magpies for 120 points; E. Cliff, 2 magpies and 18 crows for 120 points; and F. M. MacKay 5 magpies and 3 crows for 65 points.

Fish and Game Protective Association Enthused As Prize Pictures Displayed

Paintings By Major Allan Brooks Will Be Drawn For At End of Month

Two excellent paintings, donated by Major Allan Brooks for competition in the crow and magpie shoot, were shown for the first time to sportsmen at a meeting of the Vernon and District Fish and Game Protective Association, in the Board of Trade room on Tuesday evening.

For the benefit of everyone in this district they are being displayed in the windows of Campbell Bros. on Barnard Avenue, where they will be shown until June 30, when the drawing among all hunters securing 100 points or over in the shoot will be made.

The subjects depicted are that of a hunter and his springer spaniel out in the woods in the autumn, and the

other is of two mountain sheep on a lofty crag in the snow line of the high mountains.

Major Brooks, who is noted throughout North America and many other parts of the world for his work as an artist, has co-operated in the most active manner in the crow and magpie shoot with Fish and Game Association authorities, and he was the recipient of hearty congratulations from the members present, at the Tuesday evening meeting.

President W. S. Harris, Secretary Harold Cochrane, and Past President S. F. Seymour were named by the meeting as the official delegates to the convention of Interior clubs in Revelstoke on June 11.

Mr. Seymour made a verbal report on the draft constitution for the Interior Association, drawn up by a special committee.

Playing on the local course on Sunday he lifted a beauty from the elevated stand at the eighth tee and experienced that thrill that every golfer has dreamed of, and only a few have actually realized, when he saw his ball trickle into the cup.

Playing with him were Mrs. Lewis, Mrs. S. Hannah, and a caddy, Richard Kugler.

Waters Breaks Discus Record

Annual B.C. Interior Field and Track Championships At Kelowna On Empire Day Featured By Splendid Performance Of Vancouver Star—Howard "Iron Man" Ryan Captures Aggregate Championship

Tossing the discus 130 feet, 3 1/4 inches, for a new native Canadian record, Bob Waters, husky Vancouver athlete, provided the sensation of the annual British Columbia Interior Field and Track Championships at the Kelowna Empire Day Meet on Monday.

With his outstanding performance, Waters definitely showed that he will be one of Canada's stars at the Olympics in Berlin, Germany, this summer, and at Kelowna he far outclassed such well known men as Norman Bowsher, of Trail, and formerly of Oryama, and Harold Johnston, Kelowna. Waters, it will be remembered, was one of the Coast athletes in Vernon last Labor Day for the Caledonian Games. He also broke the valley shot put record, throwing the "ball" 45 feet, 9 1/2 inches.

Apart from Waters, the individual star of the day was Howard "Iron Man" Ryan, who rolled up 12 points to capture the grand aggregate, by winning the 100 yards men's open, the 440 yards, and running in the 880 yards relay, as well as competing in the mile.

In this latter event, however, he was forced to drop out after passing George McGinn, Kamloops, for over half the distance. The main line had run a magnificent race, leading from the start, and he sprinted home yards ahead in the excellent time of 4 minutes, 45 1/5 seconds.

To win the 100 yards, Ryan nosed out "Rusty" Martin, his Kelowna running mate, in the good time of 10 1/2 seconds, with Everett Elgar, Penticton sprinter, running a poor third.

Penticton school athletes, led by the redoubtable LeRoy in the pole vault and the high jump, and diminutive Joan Hurley, in the sprints, came in for a healthy share of the awards.

In the 100 yards girls under 16 Joan repeated her victory of the week before in the school meet over Marion Todd, a plucky Kelowna miss, to win in 11 1/5, 1/5 off the valley record. In the 100 yards open event the Penticton sprinter again headed Marion to the tape, and in the open 60 yards she defeated Joan McCall, Kelowna, to round out a perfect score.

LeRoy, in the pole vault, proved to be an easy winner over Torsenson, promising Orchard City sportsman, and over Denis Scott, Kelowna. The mark of 10 feet, 9 inches, is considerably below the record.

Unlike previous meets, there was no aggregation of crack Coast track and field stars, who in former years have carried off the majority of the awards. Many of the competitors were High School students from valley schools, particularly Penticton.

The track was in excellent shape and the whole day's events, under the auspices of the Kelowna Gyrro Club, were carried out with great efficiency and smoothness, a tribute to the committees under R. F. "Dick" Parkinson and the Gyrro chairman, Dr. M. F. Thorpe.

Kelowna's Empire Day began a new precedent in the Empire Day sports, when they gave a spectacular massed performance of folk dancing and drills, in the morning. Nearly 100 children participated in the Maypole dance, weaving and unwinding red and white streamers around six Maypoles, with easy grace, all stepping in perfect time to the music of W. Murray's fiddle. The picture of these youngsters in white, dancing against a background of green is one that the May Day crowds will not easily forget.

Drill performed by 234 children showed how effective the familiar exercises of arms stretching and bending can be when done by a multitude of youthful gymnasts.

The girls of the Junior High School then treated the audience to several English country dances such as "Sweet Oake," "Sellers Round," "If All the World Were Paper" and others. The crowd was enthusiastic over the display, and much credit must be given to the Kelowna teaching staff for the morning performance.

Real Action In Box Lacrosse

Andy Paul's colorful North Shore Indians and the Osoyoos Oilers from Vancouver introduced box lacrosse to the Okanagan fans at the Empire Day celebration. The Indians won by the narrow margin of two goals, the final score being 15-13. Playing under strange conditions and under a sweltering sun, both teams were slow in

(Continued on Page 5, Col. 5)

SIX NOMINATED AS V.I.D. TRUSTEES

Nominations held on Wednesday in the Vernon Irrigation District for three vacancies, resulted in six being nominated as follows: Wm. H. Baumborough, James S. Fraser, Thomas R. French, Wm. A. Middleton, Major M. V. McGuire, Frank Valair.

The annual meeting will be held at the Vernon Fruit Union Hall this afternoon, Thursday, and the voting will take place Saturday, May 30, at the District office.

Marks Up Hole-In-One

F. A. Lewis has joined the distinguished ranks of the "hole-in-one" brigade.

Playing on the local course on Sunday he lifted a beauty from the elevated stand at the eighth tee and experienced that thrill that every golfer has dreamed of, and only a few have actually realized, when he saw his ball trickle into the cup.

Playing with him were Mrs. Lewis, Mrs. S. Hannah, and a caddy, Richard Kugler.

MAKE PLANS FOR R.E.C. CAMPS IN COMING SUMMER

Annual Meeting of North Okanagan Council Names E. A. Lynch As President

ARMSTRONG, B.C., May 26.—The annual meeting of the Religious Education Council of North Okanagan was held in the parlor of Zion United Church, Armstrong, on Thursday afternoon, May 14, delegates being present from Kelowna and Vernon as well as the local delegates. The president of the council, E. A. Lynch, occupied the chair.

A busy afternoon was spent arranging for the series of camps to be held in July at Camp Hurlburt on Okanagan Lake. The first of these will be a C.G.I.T. Camp for girls from 12 to 18 years of age. This camp will open on Friday, July 10, and efforts are being made to obtain the services of Miss Margaret Johnson, of Vancouver as director. Miss Johnson is well known throughout the valley as an expert camp director, having been in charge of numerous girls' camps in the Okanagan and Thompson Valleys, including the first girls' camp at Camp Hurlburt in July, 1932. She has always been a favorite among the girls under her charge.

Following the girls' camp will be the Young People's Camp for young men and women from 15 years up. For the past two years this camp has been directed by Rev. E. R. McLean, and while the numbers have been small, the interest and enthusiasm have been of a high order. Profitable courses of study occupy a portion of each day, the remainder of which is given over to such relaxations as boating, swimming, hiking, games, and camp fires. Those who have attended either or both of the camps of past summers are loud in their praises of the benefits derived from the courses of study and the splendid fellowship enjoyed. The Young People's Camp is under the joint control of the councils of North and South Okanagan, and provides an opportunity for broadening horizons and exchanging ideas with those outside the immediate neighborhood.

Mr. McLean has left the province to take over similar duties in Ontario, and his successor, Rev. R. W. Elliott, is required to divide his time between British Columbia and Alberta. In view of the many demands made upon the leaders of camps, it was found difficult to arrange dates that would prove satisfactory to all parties concerned; but, acting in conjunction with the provincial camp committee, arrangements have been made to have "Bert" Fiddes, of Vancouver, direct the Young People's Camp from July 17-24, and also the Boys' Camp during the following week, July 24-31.

Leader Well Known
"Bert" will be remembered by many throughout the Okanagan as director of work with the Young People of Kelowna United Church for a number of years, during which time he handled a number of boys' camps at Mabel Lake to the delight of all who were privileged to attend.
The meeting fixed the fees for this year's camps at the same figure as last year, being \$6.00 for the Young People's Camp and \$4.50 for the Girls' or Boys' Camp, with the provision made for a rebate of \$1.00 in the case of the Young People's Camp if attendance at the camp will warrant such a reduction. Attendance at Girls' or Boys' Camp is not restricted to members of C.G.I.T. and Tuxis groups, but is open to any boy or girl within the age limits who is recommended by responsible authorities as desiring to enter into the spirit of the camp.

The program for the Young People's Camp is in charge of a committee consisting of Rev. J. Scott, of West Summerland, Rev. Mr. Beames, of Penticton, and Rev. Dr. McPherson, of Kelowna. The general management of all three camps is being looked after by a committee of Vernon workers, Mr. and Mrs. A. S. Hurlburt, Mrs. Dawe, and Randolph Valair.
The business of the meeting was halted at six o'clock while the council adjourned to the Church Hall for supper, prepared and served by Misses Irene Gamble and Bessie Lynch. After supper, business was resumed without leaving the table, when a number of final details concerning the camps were arranged, and the following officers were elected for the ensuing year:

Honorary president, A. S. Hurlburt, Vernon; President, E. A. Lynch, Armstrong; Vice-President, Leslie Dilworth, Kelowna.
The filling of the office of Secretary-Treasurer was left to a later date. Bill Jamieson, of Armstrong, has capably filled this office during the past year, and will continue nominally in office for the present, though his other duties require his absence from the valley during the summer. During his absence, or until a successor is appointed, the president will attend to the duties of secretary.
The trustees of the campsite are Messrs. John Stewart, of Kelowna, D. A. McBride, of Vernon, and J. Z. Fiddes, of Armstrong.
Vernon delegates to the annual meeting were Mr. and Mrs. A. S. Hurlburt, Mrs. Dawe, Misses Bulwer, Chappe, and Griffin, and Messrs. Randolph Valair and Carl Wylie.

PEACHLAND ENJOYS SPORTS PROGRAM

PEACHLAND, B.C., May 25.—A most successful sports day was held here today with Peachland baseball teams winning over Westbank and Summerland. The Junior boys played Summerland Clubs in a good snappy exhibition, winning in a closely contested game 10 to 6.

The senior game with Westbank was very much one-sided with the home team scoring eleven, while the other players fumbled to connect. The team played the best game they have played this season.
Track and a softball game between the girls and boys added to the interest of the day while a dance in the evening was enjoyed by all who attended.

PORT APPLE HANDLING

Continuance of inspection of loading of apples from cars into shipholds is recommended by the Canadian Horticultural Council under the direction of the Export Board. Results of such inspection last year were so satisfactory that renewal of the service is requested.

GOOD FISHING AT SUGAR LAKE NOW

SUGAR LAKE, B.C., May 24.—The fishing is now quite good, with a dropping lake and clear water. Fly fishing is excellent, especially in the evening and with a red fly.

Mrs. W. Schunter, of Lumby, was a visitor up to the lake in the early part of the week.

Arthur Holmes, of the Monashee, was also a recent visitor.

S. R. Yates, of Sugar Lake, was a guest of Mr. and Mrs. Denison, of Creighton Valley.

The many friends of Mrs. Hermann Specht will be glad to hear that she is making a splendid recovery in the Vernon Jubilee Hospital.

The government grader graded the road to the lake in the middle of the week, and the road is now in fair condition.

Mrs. J. Specht, of Medora Creek Farm, was at home to many friends on Tuesday when afternoon tea was served.

Brown rather than black seems to be the bear's favorite color this season, several of the former variety having been seen about the lake.

Dr. and Mrs. C. W. Corrigan and Michael Corrigan were week end visitors up to the lake. Also F. H. Nicklin and party of friends. This was Mr. Nicklin's first visit this season to his delightful summer camp.

Mr. Wilde, of Revelstoke, was a visitor to the lake during the week.

Gilbert Livand, of Vernon, and family, spent the week end in their new summer cottage here. J. G. Edwards was another arrival.

The lake is now looking at its best, with birds, flowers, trees and trout in abundance.

WINS BREWSTER CUP

KELOWNA, B.C., May 26.—Mrs. Anne McClymont won the Brewster Cup, outstanding women's golf trophy in the valley, against other Okanagan competitors on the local course here on May 17.

Lavington Notes.

LAVINGTON, B.C., May 26.—Mrs. Ernest Marven is spending a week or so at Kamloops, under medical treatment. She is staying with Mr. and Mrs. J. P. Crab of that city. Her friends are hoping for her return shortly and hope for her health being permanently restored.

Mrs. E. E. Phillips is at present visiting at the home of Mr. and Mrs. A. J. East.

Mrs. W. M. Dawe has been quite ill with influenza and is now taking a rest period, with Mr. and Mrs. Cecil Phillips, of Vernon.

Mrs. Bealstro left last week for her home in the East, after a most enjoyable holiday with her sister, Mrs. Samuel Scott.

Miss Mary Hill was a patient for a few days in the Vernon Jubilee Hospital last week, another influenza case. Mr. and Mrs. Butters, of Vancouver, are spending at present, a holiday at their place at "Carlowrie," near the Keifer.

The Provinces of Alberta, Saskatchewan, Manitoba, New Brunswick, Nova Scotia, and Prince Edward Island are operating under the Hatchery regulations and producing chicks only from selected blood-tested flocks.

SAN FRANCISCO SHOWN IN COLORFUL ASPECTS IN "FOLLOW THE FLEET"

Fred Astaire and Ginger Rogers Are Together Again In A New Musical

San Francisco, melting pot of world romance and magnet for the ships of the seven seas, is caught at its most colorful and romantic moment—when the U.S. fleet is in—as background for the singing and dancing of Fred Astaire and Ginger Rogers in their new musical, "Follow the Fleet." This picture comes to the Empress Theatre on Thursday, Friday and Saturday, May 28, 29, 30.

When the old town sees the hulls of the fleet steaming through the Golden Gate excitement electrifies the air. Love is around every corner; old lies are retold and new promises made to be broken. It is all in "Follow the Fleet," with the big ships sailing in Astaire and Randolph Scott as sailors with different ideas on love and Miss Rogers and Harriet Hilliard waiting for them.

The battle greyhounds carry a cargo of seven Irving Berlin melodies too, and their decks and the gay spots of the Bay City are the scene for five novel dance numbers by the co-starring masters of rhythm.

CONSTIPATED* 25 YEARS, ALL-BRAN BROUGHT RELIEF

Delicious Cereal Corrected His Condition

Here is Mr. Johnson's letter: "I got a package (of Kellogg's ALL-BRAN), and before the package was gone I was very much better.

"So I have been eating it for two or three weeks, and my constipation* has gone, and I was constipated* for 25 years or more. Hoping this may help some one to better health. I am a new friend to Kellogg's ALL-BRAN."—Mr. J. B. Johnson (address upon request).

Mr. Johnson's letter is one of many. Millions find Kellogg's ALL-BRAN corrects constipation* satisfactorily. It supplies the "bulk" missing in the average meal.

The "bulk" in ALL-BRAN is mild and effective. It absorbs moisture, and gently exercises and cleanses the intestines. ALL-BRAN also supplies vitamin B and iron.

Isn't it more sensible to use this natural food instead of taking patent medicines? Just eat two table-spoonfuls daily. If not relieved, see your doctor.

Use as a cereal, with milk or cream, or cook into muffins, breads, etc. It is sold by all grocers. Made by Kellogg in London, Ontario.

*Constipation due to insufficient "bulk" in meals.

GRANDMOTHERS OF OYAMA HONORED AT INSTITUTE'S TEA

OYAMA, B.C., May 25.—On Thursday afternoon last the Kalamalka Women's Institute held a most enjoyable tea at the home of Mr. and Mrs. Floyd Whipple, to which all the grandmothers of the district were invited. There are at present some 22 grandmothers in the district practically all of whom were able to be present, and all received a beautiful bouquet. Special honor was paid to the oldest great-grandmother, Mrs. Fern, who is in her 86th year.

Norman Bowsher came in from Trail last week and is spending a few days at his home here.

Mr. and Mrs. Cliffe, of Vancouver, are the guests of Mr. and Mrs. D. Eyles.

Mrs. W. Pringle and family motored over from Kamloops on Wednesday last and are spending a short time visiting her brother-in-law and sister, Mr. and Mrs. D. Heddie.

W. A. Dobson and J. Stephen spent the week end on a fishing trip to Mabel Lake.

Mr. and Mrs. James Lowe have as their guest, Mrs. Wylie, a cousin of Mrs. Lowe, who arrived from England on Thursday last. This is Mrs. Wylie's first visit to Canada, and she expresses herself as charmed with the beautiful scenery.

Mrs. Willson, of Naramata, and Mr. and Mrs. Guy Waterman, of Silvertown, B.C., were visitors to Mr. and Mrs. J. Craig during the week. Mrs. Waterman will spend a short time in the district visiting her sister-in-law, Mrs. Craig. Other recent visitors to Mr. and Mrs. Craig were Mr. and Mrs. Hewitson and Mrs. Dawson, of Kelowna, and also Mrs. David Hill, of Chilliwack.

Proverbially Fine Queen's Weather Greets Lumby For Its May Day Celebrations

Queen Betty Shield Is "Crowned"—"Sonny" Inglis Chosen Most Popular Boy

LUMBY, B.C., May 26.—Proverbial Queen's weather featured the May Day celebrations held here on Monday, which was one of the warmest days on record so far this season, and had the effect of bringing out a large crowd of people to witness the coronation of Queen Betty, daughter of Mr. and Mrs. W. J. Shields, by Queen Pearl, daughter of Mr. and Mrs. Raymond Ward.

The arrival of Queen Pearl with her entourage was followed by that of Queen Betty with her maids of honor, Miss Sadie Algers and Miss Rhea Quesnel, and her flower girls, Joan McKenzie and Shirley Forester. All formed quite a galaxy of beauty when assembled on the dais, after passing through a guard of honor. In her farewell address Queen Pearl touched upon the more prosperous times now visiting Lumby and great hopes for the future, while Queen Betty pointed out the marvellous gifts of beauty and abundance in this valley.

Both speeches were delivered with splendid address. Their Majesties receiving most complimentary remarks from the Hon. K. C. MacDonald, who later addressed the assembly before continuing on his way to the Kootenays via Edgewood, accompanied by A. J. Munro, Deputy Minister of Agriculture, after witnessing a splendid performance of young girls and boys who danced the Maypole and plaited the ribbons without an error.

Later on were flag drills by girls and boys, followed by an excellent display of club swinging by girls, the music being played by Miss Mildred Shunter, pupils of Mrs. A. C. Woods.

George Falconer acted as chairman and gave a suitable address in congratulating the Queen.

Little Eddie Wheeler presented the ring of office.

At the close of the ceremony the Queen and ex-Queen with attendants left for Vernon to donate their bouquets to the hospital.

"Sonny" Inglis, Lumby's hockey goalie, has been voted the most popular boy in the school.

During the afternoon there was a baseball game between the Vernon Juniors and a Lumby mixed team, the final score being 18-17 in favor of Lumby. A softball game between Cherryville and Lumby found honors going to Cherryville 5-4, while Lumby won the football, playing Vernon.

An almost overcrowded dance took place in the evening in the Community Hall, children occupying the floor till 10:30 p.m., when the Grand March opened the evening for the grown-ups, who thoroughly enjoyed dancing until the morning hours to the strains of Rosoman's orchestra. An excellent supper was provided at midnight and the Lumby Women's Institute is to be congratulated on a most successful celebration of May Day.

N. Day, of Kelowna, spent several days in the district last week on business.

L. G. Turnbull left hurriedly on Sunday for Port Colbourne, Ont., on receipt of a telegram stating his father was seriously ill, a second telegram announcing that death occurred soon after his departure. Much sympathy is felt for Mr. and Mrs. Turnbull.

Mrs. Anderson, of Vancouver, is enjoying a visit to her sister, Mrs. Wm. Craig, at Blue Springs.

Albert Johnston, of Vancouver, was a week end visitor to Mr. and Mrs. Angus Woods, renewing acquaintance with the district after an absence of seventeen years.

Owing to the indisposition of Miss Joan Foster last week, Mrs. R. N. Duke who has a B.C. teachers' certificate, acted as substitute for a few days at the school here.

An enjoyable "500" party was held on Thursday by the Ladies' Aid Society.

The Brown brothers, of Bellingham passed through to the St. Paul Mine last week to start operations.

ARMSTRONG SCHOOL NURSE GRANTED LEAVE TILL FALL

ARMSTRONG, B.C., May 19.—Suffering from an attack of pleurisy, brought on by a cold contracted while conducting a health inspection at the Grandview School, Nurse Charlton is a patient at the Armstrong Hospital. While she is making good progress, it is unlikely that she will be able to return to her duties before the opening of school in September. The School Board, at its regular meeting on Wednesday evening recently, granted Miss Charlton sick leave with salary until June 30.

The board also passed a resolution of condolence to Principal Murray, of the High School, in the death of his mother, recently in Vancouver.

A matter that has given rise to much doubt and confusion is the restriction placed upon school buses as a means of transport other than in carrying pupils between their homes and school. A license fee which is practically prohibitive is assessed before the bus is legally permitted to engage in any other form of transportation work. The board considered this state of affairs most unfortunate, particularly in such cases as the Valley Schools Track Meet and other inter-school activities, and the matter was referred to the chairman to be taken up with the proper authorities in an endeavor to reach some satisfactory arrangement.

Leonard Wood, driver of the Larkin bus, was granted the privilege of engaging John Clayton, a qualified driver, to substitute for him while he is engaged in a piece of contract work for the Municipality of Spallumcheen. Protecting the school class rooms on the south and west sides of the buildings from the intense heat of the afternoon sun during the months of May, June, and September, has always been more or less a vexed question.

The relative merits of awnings and shutters have been fully considered from time to time. There is little difference in the cost of these two types of equipment; the shutters have a distinct advantage from the standpoint of durability, and it is believed that they would also be much more effective. The board has decided to experiment by equipping the windows of the primary room at the elementary school with shutters, which, they prove satisfactory, will be placed on the windows of other rooms as well.

A letter from the Superintendent of Education had reference to the teaching of the practical arts in the schools, in keeping with the revised curriculum soon to be adopted. The letter intimated that Miss McLennaghan and Mr. Kyle, directors of the main branches of the practical arts, would gladly furnish detailed information relative to the various phases of the work.

As no provision had been made in the estimates for the current year for the conducting of these branches, the matter was referred to the 1937 board.

OKANAGAN LANDING NEWS

OKANAGAN LANDING, B.C., May 25.—Charles F. Wanstall motored from time to time. There is little difference in the cost of these two types of equipment; the shutters have a distinct advantage from the standpoint of durability, and it is believed that they would also be much more effective. The board has decided to experiment by equipping the windows of the primary room at the elementary school with shutters, which, they prove satisfactory, will be placed on the windows of other rooms as well.

Mr. and Mrs. D. A. McBride left on Monday to spend a week at William's Lake and vicinity.

Mrs. Harry Curtis is visiting her daughter, Mrs. Percy Hopson, in Revelstoke.

Mr. and Mrs. C. Morrow, of Vernon, are occupying F. Graham's house for the summer months.

STEPPING ON THE STARTER puts over 100 metal parts inside your motor into immediate action. This means serious wear—unless your oil flows instantly!

SPEED requires a "TOUGH" oil for high heat. Either "tough" or fast-flowing oils are easy to make. The problem is to combine both qualities in the same oil.

3 Miles a Minute can cause Less wear than starting your engine just once!

Here's a new fast-flowing oil that reduces engine repair bills up to 50%...

TERRIFIC motor heat at 180 miles an hour... is hard enough on an engine!

But starting your engine just once can be a lot more damaging.

When you step on your starter, over 100 moving parts are rubbing together.

That calls for plenty of oil on every part. If it isn't fast-flowing, some parts are unloiled for a few moments. No wonder 3/4ths of engine wear is caused by starting!

To cut this excessive wear, Shell, at a cost of \$3,000,000, has perfected a new type of oil.

Golden Shell is FAST-FLOWING and yet TOUGH. Engineers and oil technicians call the process behind it the biggest advance in oil refining in the last 25 years.

Drive into your neighborhood Shell station today and learn how Golden Shell can cut your engine repair costs 50%.

Minister of Agriculture Strikes Optimistic Note At Boards of Trade Rally

Hon. K. C. MacDonald Declares British Columbia Has More Hopeful Outlook

"Clouds are lifting, either by accident or by the effort of those who are charged with the responsibility of government. A better attitude of mind and the people is in evidence. There is a more hopeful outlook."

These were the words of the Hon. K. C. MacDonald, provincial Minister of Agriculture, who addressed the joint meeting of Okanagan Valley Boards of Trade, held in the Royal Anne Hotel at Kelowna on Friday evening of last week.

The minister had an encouraging message for his audience, but he did not minimize the problems that still confront all governing bodies, or those that loom ahead in the future.

Referring, at the outset, to the work of the Boards of Trade, Mr. MacDonald said that sometimes requests are made that are really impossible. Perhaps such requests would not be made if the Boards were fully seized of all the facts, and if they could see the problems from the many sides which must be viewed by the governments. He paid a high compliment, however, to the part that each and has been played by the Boards.

Dr. MacDonald said that he favored putting present roads into shape before starting any new ones. He recorded himself as thoroughly in favor of seeing a program carried out which, in a period of time, will meet a reasonable surface on the road from the border up through the valley, and down the Fraser Canyon area to the Coast. He also said that sufficient work had already been done on the Hope-Princeton route to render its completion the only sensible course, now to take.

The minister, however, declared that he was opposed to the suggestion of a Highway Commission. "I may be old-fashioned in my political theories," he explained, "but to my way of thinking the government must take responsibility. Commissioners only too often become a body of little ears, influenced just as easily or more so than governments, and affected by the pressure of big centres. I doubt if the Interior would be as well served by a Commission as by the government."

Turning his attention to broader questions, Dr. MacDonald implied that the Dominion government, by sheer necessity, must be in B.C., but wherever throughout the country, will embark upon a works program as urged so long in this province as a means of implementing "work and wages."

From Victoria and Ottawa, in the near future, there will be a concurrent announcement regarding a building program. Dr. MacDonald stated.

Referring to the work of his own department, the minister suggested that agriculture is on a better footing than in the immediate past.

He reviewed the effort that had been made, from a provincial standpoint, in supporting the Dominion Marketing Act, explaining that British Columbia was the only province in Canada that had passed legislation complementary to that of Ottawa in this regard.

Nine schemes have been launched in B.C., and we have succeeded in bringing something of benefit to the producer while, at the same time, we have not jeopardized the interests of the consumer.

Illustrating the value of control, Dr. MacDonald pointed to the Coast potato deal. Prior to regulation, Fraser Valley producers were getting from \$3 to \$6 per ton, though Water Street wholesalers were quoting \$20 to \$25 the trade.

During the last season, however, under the control that has been inaugurated, the lowest price to the producer was \$10.40. The price reached a maximum of \$90 in some cases, and the average was about \$25 per ton, to the producer.

Hearty applause from the audience greeted this statement from Dr. MacDonald.

"It is utterly impossible to keep men on the land, paying taxes and maintaining a decent standard of life, unless they can get back their cost of production and some measure of profit, and to this end I have been trying to give my best endeavors, with, so far, some measure of success."

Because of the variety of commerce, of a type, restrictions have been imposed. Progress of any sort tends to hurt some interests, "but surely there can be no complaint as long as the applications of regulations are fair and equitable."

If commodities are controlled within the province, then it seems only right to control the entry of similar commodities from outside, the minister continued. "If we set up a minimum wage for B.C., and make it rigidly applicable, we would not countenance granting an exemption to a worker who might come in from another province, merely on the grounds that there is no minimum wage in that other province. Similarly, if products are controlled within B.C., produce coming in from outside should be obliged to accept similar regulation."

"I may not live to see it," the minister admitted, "but the day is surely coming when the justice of this principle will be readily accepted."

The provincial government is hopeful, Dr. MacDonald added, that the Supreme Court will find the Marketing Act valid. But if it does not, every attempt will be made to remedy the situation, within provincial powers. Therein lies the value of having a full session, when many other matters vital to B.C. may need prompt attention.

In concluding Dr. MacDonald took a few kindly-natured digs at the "cure-alls" suggested to solve financial worries. "Gurgle-slippers" theory, when called upon to meet the stiff necessities, are consistently disappointing. This government, he said, is in the main orthodox in its treatment of the financial situation, and is emerging into a stronger position gradually.

He read a clipping, which recounted the tragic predictions made by famous British leaders in past centuries. "Yet protection, foresight, and forthrightness, on the part of the people as a whole, brought them through, and we can do it again."

In closing Dr. MacDonald voiced a plea that all citizens "give their very best" in the interests of this province, and this Okanagan Valley.

LORD MAYOR OF LONDON INVITED TO VISIT VALLEY

(Continued from Page One)

bes. "We should go down to put the Okanagan on the map at Vancouver," declared R. G. Rutherford. "Let them know, at the coast that we're alive up here. He seconded Mr. Peters' motion, which had been to the effect that rates be investigated, and went one step further, urging that the trip be definitely organized."

W. J. Allerton recommended that, if the trip were arranged, it leave from Penticton.

The value of an Okanagan publicity campaign at Vancouver during Jubilee time was stressed by Capt. Coombes. "Many thousands of visitors will be there," he pointed out, explaining that 285 special trains were to be operated by the C.N.R. alone. "We must get those visitors up here, and it certainly would repay us to do so."

When the question as to what form the publicity should take was raised, Harry Fischmoller, of Omak, President of the Okanagan-Cariboo Trail Association, spoke briefly, as also did Mr. Rutherford, the Association's Secretary.

They pointed out the valuable work that is being carried out consistently by distribution of pamphlets, and in other ways, and as a result of their remarks there was the suggestion that a publicity campaign might be linked up with their organization at the time of the Jubilee.

Mr. W. B. Browne rallied stoutly to the defence of radio as a means of advertising, replying to a remark by Capt. Coombes that this had not seemed a feasible means for publicity in order to reach the attention of Jubilee visitors.

Mr. Allerton also urged the use of posters, but no definite decision, it was apparent, could be reached at the meeting regarding the means of advertising to be used.

It was finally agreed to name a joint committee, comprised of the President and Secretary of each Board of Trade, and a representative of the Okanagan-Cariboo Trail Association, to act as a committee to study the question further and to arrange publicity details.

Another question raised at the meeting was with regard to the Dominion Housing Act. Mr. Griffiths, of Penticton, led the discussion, stating that \$30,000,000 had been made available by the government, and \$20,000,000 by insurance companies, which funds are advanced at 5 per cent. interest to home builders, the builder making a small down payment, and settling the balance over a ten year period.

The scheme is all right, on the surface, but the trouble is that funds are not being made available for the smaller centres. Only the largest cities, apparently, are being favored, the companies contending that it is impossible for them to arrange the necessary services and maintain inspection at the remoter points, under the circumstances with such a rate of interest.

"If it is necessary for the loaning companies to charge a higher rate of interest, then there should be some means by which the government could absorb the difference," Mr. Griffiths suggested.

The proposal met with favor from those attending the meeting and a motion was adopted instructing the Secretary, Mr. Eaton, to write to Ottawa a member for the riding, urging that consideration be given the smaller centres in this regard.

After those attending the meeting, representatives of the Boards at Kelowna, Vernon, and Penticton, had listened to addresses from the Hon. K. C. MacDonald and Dr. J. Allen Harris, M.L.A., discussion of business was resumed.

One matter was strongly presented by Mayor E. W. Prowse, of Vernon. He pointed to the fact that freight rate adjustments on automobiles from the east to Vancouver, threatened to make most serious inroads into the Interior retail motor trade. The adjustment has been made so as to compete with water traffic by way of Panama, but the result is that car buyers can go down to the Coast, purchase their car and drive back to the Interior, saving a quite considerable sum.

The Mayor added that the one-cent-a-mile excursion rates make it possible for Interior residents to go to the Coast to make purchases in many other lines, which they can secure more cheaply in view of revised rail rates.

S. Miller, President of the Kelowna Board of Trade, who presided over the joint meeting, explained that the old rate by Panama had been \$20, but it has been reduced to \$30 per car. The railways accordingly cut their rate overland to \$120 per unit, regardless of the size of car. There was considerable dislocation in business threatening, he admitted, but he understood that the matter was receiving the attention of the railway commission, with a view to framing a rate for Interior points.

Another speaker pointed out that cars are being brought up to Vancouver via Great Northern from the United States, and are being bought by Interior residents who drive them up here. The Canadian railways are losing the business, as well as the Interior retail motor dealers.

F. D. Cossitt said that the matter had been drawn to the attention of the Prime Minister, and that a wire had been received by him from Mr. King that day, saying that the question was being given close scrutiny.

KEANE APPEAL AGAIN ADJOURNED

PENTICTON, B.C., May 26.—The appeal of the Tree Fruit Board in the now celebrated Keane case was again adjourned, until June 24, in County Court sessions here last week. The case has been consistently adjourned, while the judgment on the Marketing Act validity, by the Supreme Court remains unknown.

A vote of thanks was tendered the speaker by W. A. O. Bennett, who commended the minister for the frank way in which he had dealt with the problems of the day, stating that "the hopeful note emphasized augurs well for the future in the Okanagan Valley."

FISH AND GAME CLUB MEN STUDY VARIED TOPICS

(Continued from Page One)

cial committee named at the last convention held in Vernon a year ago.

The main idea involved, he stated, was that two districts would be formed, the Okanagan and the Main Line, and that all suggestions from the clubs would be sent through the association to the proper authorities. "Such an organization is exactly what is needed," was the statement of Mr. Seymour in describing the constitution.

In answer to a question by E. Cliff, he declared that the finances would be obtained by a levy of 1 cent made on each member of a local club. That the idea was a sound one and would work satisfactorily and to great advantage providing able and energetic men were secured for the offices was the comment of President Harris.

A report was also presented by J. A. Munro, chief federal migratory birds officer for B.C., and Frank Byrne, dealing with a proposal to co-ordinate the fish cultural activities now carried on by the Dominion and provincial governments. This memorandum was submitted by the Nanaimo club through the B.C. Fish and Game Association.

The suggestion is made that a committee be established with administrative powers to institute a planned economy on fish cultural work which would ensure perpetuation of angling in British Columbia.

In their report, Mr. Munro and Mr. Byrne recommended that the proposal be endorsed in principle, and this action was accordingly taken by the meeting.

The installation of a coarse fish trap at the mouth of Kalamalka Lake Creek will be carried out this week, Mr. Seymour said, following the inspection by G. N. Gartrell, of the fisheries department. City workmen will be on hand, he stated, but anyone wishing to aid can come to the lake this afternoon, Thursday, when the work will be completed.

The secretary was instructed to communicate with D. K. Fenfold, of the water rights branch, Kelowna, asking for permission to construct a guard on the cement causeway at Lake Drive on Swan Lake Creek to prevent carp from getting into Swan Lake. This course had been advocated strongly by Major Brooks, who declared that if these fish ever got into the lake feed for ducks and migratory birds would rapidly disappear.

Consideration was also given to resolutions to be placed before the convention of Interior clubs in Revelstoke on June 11. The majority of these had been passed by the executive and discussed at previous general meetings.

The following resolutions were endorsed for submission to the convention:

That all upland game birds open on the same date in the North Okanagan. That the season for upland game birds open on October 15.

That shot guns be either taken down or carried in a case with the end closed, when carried in vehicles during the pheasant season in the North Okanagan.

That it be legal to catch kokanee with a dip net of not more than 18 inches in diameter, on the ordinary anglers' license of \$1.00.

That the Summerland Fish Hatchery be operated in vehicles during the pheasant season as well as trout.

That the season for Hungarian Partridge be the same as last year in the North Okanagan, with the bag limit of four a day and fifteen for the season.

That shooting hours for pheasants be the same as last year except that shooting cease at 4 p.m. throughout the season.

That the season for blue and willow grouse be open on condition that the season commences on October 15.

President Harris told of the progress being made to secure shooting rights on the Indian reservation, and stated that the matter would probably be settled in a month's time.

Major Brooks and Mr. Munro outlined at considerable length their viewpoints on the question of exterminating crows and magpies.

VERNON WINS SOCCER TITLE

Marking up two wins and one draw in three starts, the Vernon High School football team captured the annual spring soccer tournament played on Saturday last in Polson Park, from Salmon Arm, and the Salmon Arm High School girls' softball team took the championship, held last year by Penticton, defeating Vernon and Armstrong, while the local misses won from the latter aggregation in the playoff for second place.

PLANS LAID FOR BARGAIN WEEK

(Continued from Page One)

by 30 merchants and stores will be permitted to sell only the goods named in the by-law. These include drugs, newspapers, pharmaceutical goods, ice cream, soft drinks, tobacco, etc. The statement was made that since the city adopted the changes in the by-law the province has also enacted legislation to this effect, but the proof that this is so was not forthcoming.

Objections were entered by A. A. Legg and P. Hormann. These operators of community stores, though agreeing that they did not want to work long hours, contended that working people can't get to do their shopping in the hours as set out. They want to remain open. President Yuill and R. Peters said they hoped to retain the fine working hours they now have, rather than go back to a situation where they are open all hours of the day or night. Mr. Hormann told of a recent experience in Vancouver where he found a store on Hastings Street open and doing business at a very late hour.

At the suggestion of W. H. Grant, the business men offered to support the Rotary Club in providing transportation for children to and from Kalamalka Lake during the summer months. A rate of \$2.50 a day has been secured from the bus line for two trips daily by a bus which it is estimated will carry 50 children. President Yuill will discuss the situation with the Rotary Club.

Sam Grimason was added to the executive of the association in place of Mr. Day, who has left the city.

NEW MUSICAL STUDIO WILL BE OPENED HERE

Bellevue Musical Art Limited, with headquarters in London, Ont., plans to open a branch studio in this city in the near future. It was announced by Harold C. Washburn, provincial manager, who was a visitor here this week, accompanied by William Dove and N. Cutler.

The organization, which has already established studios at Kamloops, Revelstoke, and Merritt, is now seeking pupils for Vernon, Kelowna, and Penticton, which centres, along with Revelstoke, will be served by G. R. McCarthy as instructor.

Violin and guitar instruction is specialized in, and Mr. Washburn reports that the teaching is of the highest order.

Town and District

Mr. and Mrs. Charles Reid, of this city, spent the holiday week end visiting at Oliver.

Dr. N. J. Ball, of Oliver, was a week end visitor to the home of Mr. and Mrs. R. W. Neil, of this city.

Mrs. H. F. Wilnot had as her guest over the holiday week end her daughter, Miss Marion Wilnot, of Revelstoke.

Mr. and Mrs. E. N. Lockwood and family and Mrs. Lockwood's sister, Mrs. Cooper, spent Sunday visiting in Osoyoos.

Mrs. L. A. Gott, of this city, left on Tuesday evening for Fargo, North Dakota, to visit her sister. Mrs. Gott expects to be away about two months.

Mr. and Mrs. J. E. Leslie, of this city, had as their guests over the holiday week end Dr. and Mrs. Ewart Henderson and Percy Travis, of Chilliwack.

D. A. McBride, District Deputy Grand Master of the B.P.O. Elks, left this week to make his official visit to the Ashcroft and Williams Lake lodges.

Friends in this city of George Bell, of Mara, will be pleased to learn that his wife and infant son are leaving the Enderby Hospital this week end for their home.

All free miners' certificates expire on May 31, states R. M. McGusty, gold commissioner, and renewals must be secured immediately after that date, he warns.

H. B. "Dick" Monk, Jack Blankley, Harold Viel, of the Vernon Garage, and Allyn Harris, left by motor on Wednesday for a short trip to Vancouver.

Mrs. Alvin Brooks, of New Westminster, is at present visiting her cousin, Mrs. Roy Arnold, of this city. Mrs. Brooks intends to remain here until the middle of next month.

Miss Irma Dailier-Robinson, of Alhambra, Cal., is a visitor at Oyama, the guest of her sister, Mrs. Denis Godfrey. She arrived last week and will spend part of the summer.

Mr. and Mrs. Bernard L. Stewart, of Vancouver, have been visitors in this city this week, following a fishing trip to the Cariboo. Mr. Stewart is head of Stewart-McIntosh, Vancouver advertising agency.

Mrs. A. M. Redgrave, of this city, has as her guests this week her son and daughter-in-law, Mr. and Mrs. Gordon Redgrave, of Trail. They arrived on Sunday last and are returning today, Thursday.

Mr. and Mrs. E. H. Harkness, Miss Marguerite Harkness, and Miss Barbara Van Kleeck, of Armstrong, left last week by motor on a holiday trip to California, points. They expect to be away about two weeks.

The Vernon High School footballers are still on top in the local league race with a record of four straight wins. Results of games in the past week are: Friday last, Landers, 24; Toilers, 2; Nationals, 7; Bankers, 6. Wednesday, V.H.S., 10; K. of P., 4; and Toilers, 20; Bankers, 4.

According to members of his family who are staying here, Herbert Hollick-Kenyon, who recently returned from the Antarctic with the Ellsworth expedition, may be in Vernon in ten days or sooner. On his arrival in Winnipeg recently from New York, Mr. Hollick-Kenyon was given an enthusiastic welcome by a large crowd of admirers.

Major George Spyer, O.B.E., accompanied by Mrs. Spyer, of London, England, is at present the guest of his brother and sister-in-law, Mr. and Mrs. Sidney Spyer, of this city. Major and Mrs. Spyer arrived on Monday last, being driven here from Salmon Arm. They expect to stay about a month.

With about 50 young boys and girls taking part, Miss Mary Pratten's fifth annual dance will be held in the Scout Hall on Friday evening, June 12, commencing at 8 o'clock. In addition to the singing and dancing numbers, the feature of the entertainment will be a fantasy, written by Miss Pratten, and entitled "In a Garden Rare," in which all the pupils will appear.

After several weeks of cool, cloudy weather, summer appeared suddenly in the Okanagan on Monday, Empire Day, when a high temperature of 85 was recorded, according to Frank Smith, local meteorological observer. On Tuesday, however, the thermometer soared to 90 as Vernonites appeared on the streets minus coats and in light summer dresses. Unofficial temperatures in Oliver this week give a reading of 98 as the maximum.

Mr. and Mrs. W. McEwen and family, of this city, were visitors to Summerland during the holiday week end.

H. W. Knight, of Vancouver, and a well known old timer of this city, has been in Vernon on a business visit recently.

Cyril Parkhurst, formerly manager of the West Canadian Hydro Electric, and now living in Vancouver, was in Vernon on Wednesday.

The many friends in this city of Leonard Norris, for years government agent here, will be interested to learn that he will shortly return to Vernon from Vancouver, where he has been residing.

Two interesting visitors to Vernon this week are T. Lockhart Smyth and R. Chorlton, who are making a tour of the valley by motor in the interests of the Shantymen's Christian Association, B.C. Mainland division.

Mr. and Mrs. E. Broom, of this city, are at present on a holiday at Vancouver and other Coast points. Mr. Broom was one of the local competitors in the interior golf championships at Revelstoke on Sunday, Monday, and Tuesday, leaving after the event for Vancouver.

Mrs. J. C. Jury, of London, Ont., who has been visiting here for a considerable period, Miss Lorna Campbell and Douglas Campbell, are leaving this week for Vancouver, where they will spend a holiday. From the Coast Mrs. Jury will proceed directly to her home in Ontario.

Among those from this city who are attending the Anglican Church Women's Auxiliary annual meeting being held in Penticton from Tuesday to today, Thursday, are Mrs. W. R. Adams, Honorary President; Mrs. M. DeBeck, Mrs. S. H. Moore, Mrs. L. R. H. Nash, Mrs. C. Hamilton-Watts, and Miss Elizabeth Ellison.

Following an extended visit in this city with Mr. and Mrs. R. Gillespie, Mr. and Mrs. Maurice C. Warren, of Semarang, Java, left on Tuesday evening for Ontario centres, where they will spend some time. They will then sail for England, Scotland and European points, returning to their home via the Red Sea, in the autumn. Mrs. Warren, who has been here since late last summer, is a daughter of Mr. and Mrs. Gillespie.

Complaints have frequently been laid concerning the practice of allowing domestic cats to roam the hills and fields where, especially in the spring and early summer, they destroy many young birds. Arrangements have been completed so that any person wishing to have a cat destroyed may do so by calling telephone number 211, during office hours. The animal will be captured and humanely put out of the way.

Irene Dazell was the winner of the medal presented by the W.C.T.U., in the elocutionary contest held at the home of Mrs. S. Doherty on Monday evening, winning against four other competitors. The judges were Miss Bonnell and H. D. Pritchard, and the medal was pinned on Irene by Miss Edna Grant, of Ladner, the superintendent of the organization's "Y" work. Word has also been received here that Peggy MacLachlan has won the second prize in B.C. for a W.C.T.U. poster.

From 600 to 800 pounds of carp, suckers, and squaw fish was the catch secured by a band of Chinese in Kalamalka Creek on Saturday afternoon. Officials of the Vernon and District Fish and Game Protective Association secured the city's permission to shut the water off for a short time, and the work was organized by Game Warden Charles Still. The Orientals, besides obtaining an excellent supply of food, had a thoroughly enjoyable time running up and down the stream armed with gaffs and nets.

OLIVER SCHOOL MAY BE ENLARGED IN NEAR FUTURE

OLIVER, B.C., May 25.—(Continued from page 1.)—The school board of Oliver is considering a plan to enlarge the school building. The school is now crowded and the board expects an increase in school population next September.

NICHOLL WINS GOLF TITLE

Harold Nicholl, Penticton, won the Interior Golf championship at Revelstoke on Tuesday, defeating S. Morris, Revelstoke, 3 and 1, in the final. W. D. McGart and Hazel Nolan were Vernon contenders who won the second and third flights, respectively.

WATERS BREAKS DISCUS RECORD AT ORCHARD CITY

(Continued from Page One)

getting started but treated the fans to some real action in the second set. Although this new form of lacrosse is reputed to take away much of the roughness, there was enough heavy checking and bodying to satisfy the most bloodthirsty lacrosse addict. Early in the game "Stew" Bomber, of the Indians, retired to the bench with a gash in his head, which required four stitches. However, after receiving medical attention, he returned to the field and gave a fine performance during the remainder of the game.

The Indians, a much heavier and older group of players took the lead from the start of the game and at the end of the first quarter were ahead 5-3. During the second quarter they increased their advantage, leading by three goals at half-time, the score being 9-6.

In the third quarter, the Homes made a strong bid and a rally started by K. McGuire, a Salmon Arm boy, playing his first year in senior company, brought the score even at 11-11. However just before the whistle ended this quarter, Oscar Bomber, rifled a shot past Walt Lee, to give the Indians a one goal advantage.

The Homes managed to bring the score level again in the final period at 13 all, but the Indians again came through with goals when they needed them, the veterans Ray Baker and Louie Lewis, who had been drawing most of the applause from the crowd, made the most of their scoring opportunities.

The penalties were about equally divided with Russell "Beef" Smith of the Indians coming under the censure of the referees to the greatest extent.

The Indians are a colorful aggregation of players, drawn largely from the Indian reservation at Squamish and have been reinforced this year by seven importations from the East. The Homes, on the other hand, are a group of young players who have come up from the junior ranks and all have learned their lacrosse in Vancouver.

Juveniles Make Big Hit

The game between the Vernon and Kelowna juvenile lacrosse teams made a great hit with the crowd. The teams played during the rest periods of the senior game and battled to a 2-all draw. Kelowna scored their two goals in the opening period and Vernon equalized with two in the second. The third period found both teams battling hard to score the winning point and many opportunities were lost on both sides—rough-over-anxiousness, and the goal keepers were able to withstand all attacks as the game ended in a draw.

League Discussed

Following the lacrosse game, representatives from Kelowna, Vernon, Kamloops, Armstrong, and Penticton met in the Royal Anne Hotel to discuss the possibility of forming a box lacrosse league.

J. McConaghy, Vancouver lacrosse commissioner, attended and explained how the game was organized at the Coast, and to what extent clubs in the interior could receive the support of the Coast body. Mr. McConaghy stated that nets would be given to affiliated clubs and sticks would be purchased at reduced prices.

No definite decision was reached, but delegates were instructed to ascertain what teams could be formed in their respective centres, and to report to R. F. Parkinson, so that plans could be laid accordingly.

A banquet was held in the evening in the Royal Anne Hotel at which players and officials were guests. Each speaker spoke in glowing terms of the performance put on by the juveniles. With a few more years experience these boys will be real threats for provincial honors, several declared.

List of Winners

Girls open 60 yard dash: Joan Hurley, Penticton; Joan McCall, Kelowna; Hazel Smith, Kelowna. Time, 7 1/5 seconds.

Boys, 14 and under, 75 yards: J. Taylor, Oyama; J. Henderson, Kamloops; B. Jennens, Kelowna. Time, 9 1/5 seconds.

Men's open shot put: Waters, Vancouver; Macdonald; Bowsher, Trail. Distance, 45 feet, 9 1/2 inches. New record.

Girls', under 16, 100 yards dash: Joan Hurley, Marion Todd, Kelowna; Hazel Smith, Kelowna. Time, 11 4/5 seconds.

Men's open, 220 yards: Rusty Martin, Kelowna; A. Reid, Kelowna; S. Townsend, Oyama. Time, 24 1/5 seconds.

100 yards, boys 17 and under: O. Glass, Penticton; H. Burks, Kelowna; D. Reid, Kelowna. Time, 10 4/5 seconds.

90 yards, men's open: George McGinn, Kamloops; J. Henderson, Kamloops; L. Brock, Penticton. Time, 2 minutes, 1/10 seconds.

High jump, boys 17 and under: R. Boss, Armstrong; G. Garrison, R. Serimma, Kelowna. Height, 5 feet, 6 inches. New record.

Men's open discus: Bob Waters, Vancouver; N. Bowsher, Trail; H. Johnston, Kelowna. Distance, 130 feet, 3 1/2 inches. New native Canadian record.

100 yards, girls open: J. Hurley, M. Todd, J. McCall. Time, 11 7/10 seconds.

100 yards dash, men's open: H. Ryan, Kelowna; Rusty Martin, Kelowna; E. Elgar, Penticton. Time, 10 2/5 seconds.

220 yards, boys 17 and under: O. Glass, H. Burks, J. Clarke, Penticton. Time, 24 seconds.

Men's open pole vault: H. LeRoy, Penticton; C. Tostenson, Kelowna; Denis Scott, Kelowna. Height, 10 feet, 0 inches.

50 yards, girls 14 and under: K. Wagner, Kelowna; W. Haldane, Kelowna; A. Gray, Rutland. Time, 04 1/5 seconds.

Broad jump, men's open: H. LeRoy, H. Johnston, R. Martin. Distance, 20 feet, 5 inches.

440 yards, men's open: H. Ryan, A. Reid, Kelowna; J. Hooper, Penticton. Time, 54 1/5 seconds.

440 yards, girls' open relay: Kelowna, McCall, Cushing, Anderson, Todd.

Men's open high jump: Bob Hayman, Kelowna; R. Boss, Height, 5 feet, 7 inches.

880 yards, men's open relay: Kelowna, Hayman, Martin, Ryan, Townsend; Penticton; Kamloops. Time, 1 minute, 27 1/5 seconds.

Men's open mile: George McGinn. Time, 4 minutes, 48 1/5 seconds.

Grand aggregate: Howard Ryan, Kelowna, 12 points.

GRAVELLY ILL FROM SWALLOWING PEANUT

PENTICTON, B.C., May 26.—An unusual accident occurred to Master Tommy O'Connell, four-year-old son of Mr. and Mrs. Pat O'Connell, 5444 Lake Road, Penticton, on Sunday. While the child is seriously ill as a result of the accident, he has every chance of recovery.

Tommy was eating peanuts. Then something made him laugh but the laughter turned to fright and tears as a fragment of peanut shell lodged in his larynx.

Dr. H. McGregor was called, discovering the child strangling due to the obstruction in his throat. He immediately performed a tracheotomy, a delicate operation consisting of inserting a tube into the windpipe. Tommy is now breathing through this until the swelling in his larynx goes down and the obstruction is removed. He is reported as doing well.

OBITUARY

Mrs. Amelia Rines
SUMMERLAND, B.C., May 25.—The death of Mrs. Amelia Rines, wife of W. E. Rines, occurred at the Summerland Hospital early Tuesday morning. A native of Nova Scotia, the late Mrs. Rines had lived in Summerland for 26 years. Surviving are her husband, two daughters, Mrs. William Featherstonhaugh, of Summerland, and Mrs. George Silk, of Vancouver. One son, Craigton, is at Princeton. George Loomer, of this place, is a brother, and Miss Loomer, of Penticton, a sister.

Funeral services were conducted from St. Stephen's Church on Thursday afternoon by Archdeacon Solly.

UNITY IN AIMS AND DEMANDS

MEMBERS of the Boards of Trade, Vernon, Kelowna, and Penticton held another joint meeting at Kelowna last week and gave some consideration to matters affecting the Okanagan Valley. It is rather a pity that members of the boards at other valley points, or some of the most prominent citizens, do not attend. These functions are a very good place for the presentation of views on points affecting the valley and gatherings would be even more representative if Armstrong, Summerland, and other centres, were represented.

Notable features were the addresses by Hon. K. C. MacDonald, Minister of Agriculture, and Dr. J. Allen Harris, M.L.A., a scientist who is deeply interested in the application of scientific methods to agriculture.

If these gatherings are to be continued they ought to commence on time so there will be full opportunity to give courteous hearings to speakers as well as to weigh thoroughly the topics to be discussed. It also might be of advantage to notify the several boards in advance of the matters to come up for consideration. Not that other topics should be debated, but that there may be mature reflection and consideration given by the members of the several boards to the major topics. Then too the value of such gatherings is largely from the freedom of exchange of views and the deepening of acquaintances into mutual confidence and understanding. Nothing is gained by hiving the representation. There are no hostile camps.

Of the matters discussed, excellent reports are on other pages of this issue. Possibly there is greatest interest or importance to the resolution by the Penticton Board on the Dominion Housing Act. The unfairness of the Dominion furnishing huge sums for financing the building of homes, and then the public finding that the moneys are not available outside the largest centres, has been noted everywhere. Penticton makes a suggestion which seems eminently practical and fair and was endorsed at the meeting of the three boards.

Under the terms of the Dominion Housing Act, the federal government agrees to advance \$30,000,000 and various life insurance companies \$20,000,000 to create a loaning fund to erect houses in Canada. Under the terms of the legislation passed at the last session, the houses are to be built for owners who would make a small down payment, the balance being spread over 10 years at 5 per cent. interest. The payments, including taxes and interest, are to be met by small monthly instalments.

The Act however falls in its general application because insurance companies operate their chief offices in large cities only. They state they are unable to make loans at smaller points on a 5 per cent. basis, because of the extra cost of doing business outside of the realm of their main offices.

To meet the situation, the Penticton board suggests that the onus is on the government to provide an equalizing arrangement under which the extra cost of transacting loans at smaller points could be met. It points out that the present arrangement constitutes unfair discrimination and calls on everyone to resist the preference of the home builders in large cities to the disadvantage of others all over Canada.

Aspiring home owners, builders, hardware merchants, manufacturers, are invited to enter similar protests so that equality of treatment may be the result.

DOING CANADA A GREAT FAVOR?

ON many occasions and in diverse forms, the government of Canada has been of financial aid to the railways. In the beginning, they were given cash subsidies and land grants. Without these, it is doubtful if the railways would have been built. Recently, there have been loans.

A new method is that of the provision of \$3,100,000 for the railways to use to provide employment of relief camp workers on railway maintenance during the summer.

In the House of Commons, last week, Hon. H. H. Stevens asserted that the vote was a straight subsidy to the railway companies. This was denied by Hon. C. D. Howe, Minister of Railways, who said that the government was entering into an agreement with the railway companies for the employment of 10,000 men from the relief camps, 5,000 on each railway. The \$3,100,000 was to provide for their wages at standard rates. The railways were expected to spend an equal amount on supplies and provisions. Hon. Mr. Howe contended that the railways had accepted the proposition at some inconvenience to themselves and the arrangement could in no sense be considered a subsidy.

The report by the Hon. H. H. Stevens was that the C.P.R. was getting badly needed work done at the expense of the government and that it was silly to suggest that the company was doing the country a great favor.

This is the way parliament carries on. This is the sort of thing that disgraces the country. The people of Canada have frequently been told that the Hon. C. D. Howe, Minister of Railways, is a business man. It has been intimated that he does not want the post and that he only remains because of the service he can render Canada.

This statement will not be so readily accepted from this time on. No one is quarreling violently because of this railway maintenance program. It is known the railways have not the funds to do many of the things that need doing. More people will agree with the former Minister of Trade and Commerce, Hon. H. H. Stevens, than with the present Minister of Railways.

It is silly to suggest that the company is doing the country a great favor. Hon. C. D. Howe, business man, is acquiring a reputation as a politician.

AVERSION MAY BE PETTY BUT IT IS REAL

THERE are many worthy Japanese residents in British Columbia and in the Okanagan Valley. Of their industry, frugality, courtesy, they have given many evidences. Their courtesy and military bearing, their willingness to sacrifice life itself for the country of their adoption was demonstrated in the Great War. In many lines their conduct is a worthy example for others. Many of them are our good personal friends.

And yet when they ask the franchise they ask something that British Columbians, who know them best, are loath to give. Why? Perhaps the answer may be found in China or in it in Manchukuo. Or it is in the recent subtle change in tone of articles in English language Japanese publications? Or it is in our long undetected aversion? Perhaps it is in all of these, or it may be that we, residents in an almost unpopulated land have a guilty feeling when we think of their swarms of people

Out of the Moon

Merely the moonlight
Piercing the boughs of my may-tree,
Falling upon my ferns;
Only the night
Touching my ferns with silver bloom
Of sea-flowers here in the sleeping city—
And suddenly the imagination burns
With knowledge of many a dark significant doom
Out of antiquity,
Sung to hushed walls by troubadours
Who knew the ways of the heart because they had
seen
The moonlight washing the garden's deeper green
To silver flowers,
Falling with tidings out of the moon, as now
It falls on the ferns under my may-tree bough.

—JOHN DRINKWATER, in "Poems: 1908-1919,"
(Boston: Houghton Mifflin.)

on a tiny rocky island, our neighbors on the North Pacific?

In any event, no matter if our aversion to giving them the ballot is due only to pettiness, it is a real aversion and interference by the Dominion would be deeply resented. In this matter, British Columbia is chiefly concerned and the attitude of British people here ought to give Canada a lead.

CLOUD BURST CAUSES DESOLATION

OKANAGAN Falls is desolated because of a broken dam in the hills. Homes, lands, and property were swept away by the force and an effort will be made to point out the fault, if any. Possibly, the conclusion will be reached that the destruction is due to an act of God. To the Almighty may be attributed a cloud burst but He did not build the dam.

In any event our chief concern is the suffering, if any, and the undoubted loss caused residents in the path of waters. The next duty is to examine the situation of other settlements which may be reached by flood waters if other dams in the hills are swept away. Fresh in the minds of North Okanagan residents are the floods that swept across the Mabel Lake roadway and the one that washed out farm homes above Falkland. The mountains and valleys of British Columbia are different from those in any other part of Canada. We have our own peculiar problems and we must solve them. Our people can always be depended on to lend a helping hand to any worthy cause.

BRITAIN IS ARMING

RECENT news dispatches indicate that if war comes, it will not find Great Britain totally unprepared. Peace loving Britain is making preparations to resist attack. This is the sensible course though the necessity for it must be generally regretted.

Britain lives smiling and unafraid in the midst of a boiling cauldron of international cross purposes and suspicion which have many times resulted in war. In this age of annihilation of distances there is no safety. Hence Britain is arming. The sole purpose in the preparations which are being made is to be able to resist invasion and to fulfill treaty obligations.

What Other Editors Say

THE SCHOOL AND THE TAXPAYER

VICTORIA COLONIST:—Vernon, a town at the upper end of Okanagan Lake, enjoys an excellent reputation as a community which during these strenuous times has carried on efficiently, furnishing its citizens with the services usually provided in the way of water, sewer, streets, sidewalks, schools and the like and at the same time exhibiting a clean bill of financial health and soundness from year to year. Moreover, the rulers of Vernon have accomplished their task without unduly burdening its citizens with tax bills. There are about 4,000 people living in Vernon, the population having grown from 2,600 to approximately 4,000 between the census of 1911 and that of 1931.

Very recently a civic issue of the first importance has arisen in this efficiently-managed little city. The School Board, after much and careful consideration, decided that a new school building was necessary. Accordingly, it submitted a by-law for the approval of the taxpayers. Less than half of those legally entitled to vote went to the polls. Of those who did take the trouble to vote, 228 voted against the proposal and 221 for it. To pass, the measure required a three-fifths favorable majority, whereas it failed to secure even 50 per cent. of the ballots.

It is quite impossible, of course, for outsiders to be certain as to the correct interpretation of the conduct of the citizens. Do they mistrust the good judgment of the School Board? The answer to this question is that, judging by the past history of the board, it enjoys the confidence of the taxpayers. When they elect a man to the School Board in Vernon they expect him to serve for a long time, twenty or thirty years, or thereabouts. One member has served for twenty-eight years and is still going strong, and there are other long records.

Has the zeal of the taxpayers for economy and freedom from civic debt prevailed over their sense of duty to the young and rising generation? Perhaps so, but the natural reflection is that if there had been more of this zeal for economy in the breasts of taxpayers in other communities there would not now be so many heart-rending appeals to the Province or to the Dominion to be saved from the penalties due to extravagance.

Nevertheless, the situation is admittedly a difficult one. The trustees are required to provide adequate accommodation and capable teachers. The taxpayers seem unwilling to agree with the board's proposals to this end. Their vote on the by-law is taken in some quarters as a vote of non-confidence, and the trustees are considering the question of resigning. An odd circumstance is that no one seems to want them to resign. Another is that everyone admits that the present buildings are "outgrown, obsolete, inadequate, ill-ventilated, makeshift." To quote from an editorial article in The Vernon News: No doubt the problem will be solved in due course. In the meantime, perhaps the cannyness or caution exhibited by the Vernon taxpayers conveys a wholesome moral to the taxpayers of less economical communities.

A GIFT FROM VERNON

PENTICTON HERALD:—The City of Vernon presented Penticton recently with twenty-eight fine trees which have been planted by the Parks Board in the new athletic park.

We thank Vernon for this thoughtful gesture. In days to come we hope that we will be able to fraternize with Vernon people under the shade of these trees at the park while Vernon and Penticton ball teams or school athletes are engaged in pleasant combat.

GIVE MOST FOR LEAST

COMOX ARGUS:—Governor Francis, of Missouri, paid an emphatic tribute to the service a local newspaper renders its community in the statement, "Each year the local paper gives from \$500 to \$1,000 in free lines to the community in which it is located. No other agent can or will do this. The editor, in proportion to his means, does more for his own town than any other men, and in all fairness he ought to be supported, not because you like him or admire his writings, but because the local paper is the best investment a community can make. Today the editors of the local papers do the most for the least money of any people on earth."

He that is full of himself is very empty

--- Old Proverb ---

SUMMER-IN-WAITING

By Mrs. A. W. Vanderburgh

SUMMER is really here; only most people don't know it. They may be getting little whiffs of it through their newly-opened windows, and glimpses of it through their newly-opened doors, but for them it has not quite arrived, or they are not quite ready to embrace it, and enjoy it.

In orchard and field the spring work is over. The seed has broken the ground; the fruit sets. The weeding and steady tending has not commenced. Everything is perfect. Every leaf is clean and green. Grasses are knee-high, and untrampled. Water surges into streams and lakes. Not yet is it definitely the holiday season, and all the little paths are green by-ways, almost overgrown.

Walking through these familiar places one feels

as if a spell had been cast over them, and there is a sense of unreality about. Are these the very spots where, soon, sturdy little brown legs will be running, while morning freshness of hot afternoon sunshine, will be broken by screams of delight, and happy chatter?

Then, too quickly, here and there, a branch broken, hardly noticeable, mars perfection. Tractors or stone-boats crush the long grass. High waters gradually recede. Short cuts are re-used, worn brown by summer seekers, and summer is the vogue.

And so this last week of May, and the first week of June, is the beautiful season of Summer-in-Waiting. Catch it now, while it is held in abeyance—now, at the height of its glory!

One Vital Issue Is Dodged

"Never since the industry began have conditions looked so black for the tomato canning industry in British Columbia," writes Howard T. Mitchell in the Financial News, published at Vancouver. Mr. Mitchell proceeds to explain just the why and the wherefore in all respects save one. He does not touch on the discriminatory freight rates. There seems to be a positive avoidance of this topic. Yet unfair freight rates have just so great, perhaps even a greater effect, than the other factors so completely dealt with.

Why is it that this issue is so successfully dodged? British Columbia can never come into her own until this province forces fair rates. Attempts have been made but they have failed. But the time will come and it should be now when success will crown the efforts. Some sections of Canada get low rates because of water borne commerce. Other sections get it because of truck competition. The interior of British Columbia continues to pay the highest rates. The tomato canning industry will perish if there is no relief and when the canners perish, those who live in the towns will find it harder to make a living and many acres now producing will be vacated and municipalities will not get their taxes.

Why not a united effort to remove one of the greatest handicaps under which this province labors?

Mr. Mitchell's article follows:

Never since the industry began have conditions looked so black for the tomato canning industry of British Columbia.

It is the largest unit of the fruit and vegetable canning industry in the province and it is being regulated out of existence.

Combined results of rulings by the Minimum Wage Board of British Columbia and the Interior Vegetable Marketing Board are such that there is every prospect as presented of the canners finding it hopeless to plan opening their canneries with any prospect of a profit.

The minimum wage for women in the canning industry in B.C. is 50 per cent. higher than in Eastern Canada. It is likely to go up again this year.

The Interior Vegetable Marketing Board last year set a price for tomatoes which was about 50 per cent. higher than the price paid to growers in Eastern Canada. It was \$13 per ton for No. 1's in 1935 and it is to be \$15 this year. It was \$8.50 per ton for No. 2's last year and it is to be \$9 this year.

While these increases may seem relatively small, they serve as the last straw of discouragement for many canners in B.C. and there is good reason to believe that the tomato pack of 1935 in British Columbia will be the lowest in a great many years.

In recent years the movement of Eastern Canadian canned vegetables into British Columbia in competition with the B.C. pack has been increasing.

At the present time Eastern Canadian tomatoes can be bought for 75 cents per dozen tins from the factory, brought around via Panama at a freight cost of 15 cents per dozen, making a landed cost to the wholesaler of 90 cents per dozen.

Okanagan-packed tomatoes last year had a factory price of 85 cents per dozen tins and a freight cost to Vancouver of 11 cents, making the cost to the wholesaler 97 cents per dozen.

In the past Vancouver wholesalers have given B.C. canneries the contracts and have bought tinned tomatoes more or less haphazardly from the eastern factories.

But the differential is too much to ignore and this year, for the first time, contracts are being placed by B.C. wholesale grocery firms with Quebec and Ontario factories for delivery of sized quantities of canned tomatoes during the fall and winter.

Here are the tomato pack figures of B.C. canneries in recent years:

Year	Cases
1928	575,000
1929	449,000
1930	682,000
1931	245,000
1932	209,000
1933	356,000
1934	365,000
1935	317,000

Considering that the minimum wage is likely to rise, that the price of tomatoes to the canneries will be higher and that contracts without which the canners simply cannot operate are going to competitors in Eastern Canada, the position of the B.C. canners is decidedly bad.

To say that the minimum wage is low enough and that the growers can not afford to raise tomatoes for less and therefore the boards concerned are justified in taking their present stand is to get nowhere.

Cold, economic facts can't be wished away and there seems to be no doubt that this situation is about all that the two boards concerned are doing in B.C.

We may be sure that Quebec and Ontario are not going to change their wage scales merely to give B.C. growers, workers and packers their former market. The industry in those provinces is growing by leaps and bounds without marketing boards and in the case of Quebec, without minimum wages. In Quebec last year the canned vegetable pack was the highest in history. It will be still higher this year, if present indications are borne out. And much of its growth will be at the expense of British Columbia which is losing the Western Canadian market because rigidities have been put into the cost factor of the canning business by well-meaning but totally unscientific experimenters who are costing the province a great price in lost business.

Million Men Are Under Arms In The Balkans Ready For Surprise

A million trained-to-the-minute soldiers, armed with the latest inventions in death-dealing devices, are marking time in the Danubian and Balkan countries. They are ready for any surprise upheaval that may herald the greatest bloodbath of all time.

Austria has revealed her apprehensions by rushing through a general conscription plan to swell the ranks of the 38,000 men who now form her army. In due course, Austria will add some thousands of youthful recruits to her armed forces, and the time may soon come when she will have about 150,000 well-trained soldiery or gendarmes.

Even so, her strength in the field will be small compared with the powerful armies which some of her neighbors—Jugoslavia, Czechoslovakia, Italy and Germany—could rush into action. In comparison with the grey hosts of the Austro-Hungarian Empire, Austria's present-day military might is but a shadow. In the Great War Austria had nearly 10,000,000 men in the field, side by side with 12,000,000 Germans.

Are Fully Trained
If all the armies between the Swiss frontiers and Black and Aegean Seas were mobilized, at least a million men would answer the call, fully trained, fully equipped and backed by material rushed from munition plants, making them more formidable than twice their numbers in 1914.

Jugoslavia is undoubtedly the most redoubtable fighting entity in Southeastern Europe. The kingdom, with

its eleven-year-old monarch, Peter, has 14,000,000 people from which the Government could pick half a million sturdy fighters within a few weeks.

There is a standing army of more than 100,000 men constantly on the watch, to the west against Italy, to the north against Hungary (which fears for the territory lost to Jugoslavia) and to the east against Bulgaria.

Jugoslavia could probably muster 1,000,000 men alone, backed up with 1,000 up-to-date fighting and bombing airplanes, either of French or German manufacture. At present she possesses 700 airplanes and 10,000 officers and men.

Austria and Jugoslavia combined have standing armies of nearly 150,000 men, while if Hungary's forces are added, the 200,000 mark would be reached. Technically, Hungary's forces must not exceed 35,000 men, but with gendarmes and armed police she has considerably more than that number in training.

Rumania would bring the total of standing armies in Southeastern Europe to well over the half-million mark. King Carol has well over a quarter of a million regular soldiers, while he has a small navy and an ever-increasing air force. In time of war Rumania could probably put 1,000 airplanes into action.

Bulgaria has been kept to a skeleton army under the peace treaty, but it is expected that King Boris will shortly follow the lead of others and bring his armed forces up to greater strength. His present 30,000 men may easily reach a total of at least 250,000.

From The Vernon News Files of By-gone Days

In spite of rumors to the contrary the Midland Brokerage houses are not withdrawing from the Okanagan Valley. It was learned this week—Vernon citizens will

TEN YEARS AGO
Thursday, May 27, 1926

Thomas Bulman and Sons, who have been induced to leave in Vernon by the untiring efforts of the Mayor and City Council.—The last concert of the season by the Vernon Symphony Orchestra was given in the Empress Theatre on Tuesday last, and was greatly enjoyed by a large audience.—Official war pictures, revealing actual battle scenes from the western front, will be shown in Vernon shortly, under the auspices of the Canadian Legion.—Vernon has lost a citizen of the best type, and the Empire has lost a real soldier, with a record of over 30 years of unbroken service, in the death of Lieut.-Col. J. C. L. Bell, at Victoria on Monday.—Graduation exercises for the class of 1926 of the Vernon Jubilee Hospital commenced on Sunday last.—J. C. Arney has been appointed by the Dominion government to survey a new Indian Reserve in the Similkameen.

A. W. Fretwell was acquitted in spring Assize Court here last week on a charge of arson. The case arose out of the burning of the burning of a barn

TWENTY YEARS AGO
Thursday, June 1, 1916

George—In a civil case for \$10,000 damages brought by Joe Turner, of Okanagan Landing, against C. D. Reynolds as the result of a shooting affray last August, Mr. Justice Morrison awarded the plaintiff \$2,500. Reynolds is serving a term of two years in the penitentiary, as the result of the shooting. The case was heard in the Canadian Northern Railway from Kelowna to Kamloops, with a stop at Lumby, will commence within six weeks if financial negotiations in the case are successful. A party of rail officials in Vernon announced this week—Many old timers in the northern end of the Okanagan will be sorry to learn of the death at Armstrong of J. W. Ruppington, a prominent citizen of that city and well known in Vernon.—The commencement of the military training camp here this year will be Brigadier Gregory.

Large numbers of Vernon citizens were present at the Victoria Day celebrations in Enderby last Thursday. As

THIRTY YEARS AGO
Thursday, May 31, 1906

one of the features of the program, a humorous game was played between Vernon and Armstrong, with the latter team winning, 2-1. Dr. K. C. MacDonald acted as referee. Some 15,000 copies of the Board of Trade booklet, describing the Vernon district, will be printed and sent to the printers and eastern Canada.—The impression is becoming stronger every day that the Vernon and Midway railway will be built by the Great Northern. For several weeks past St. Paul has been the Mecca of Greenwood men in whose names the charter of the Vernon and Midway is held, and thus, with the persistent rumour that the necessary stock to give a controlling interest in the S and O has been gathered in by J. J. Hill, makes it look very much as if the Great Northern is likely to get into the heart of another of the C.P.R. reserves.—Joe Harwood came in on Thursday from the Coast with the fine salmon Maximo, just purchased by Prince Edmond, M.P.P.

A well executed counterpane American, half dollar of the issue of 1894 was received by a local merchant last week. As far as is can be learned

 there have not been any other circulating in Vernon || —It is expected that the new Roman Catholic Church will be opened about the last Sunday in June. A choir is now being organized for the occasion.—A lively trade has been carried on in baked fish between the Okanagan and Kootenay points.—What case deal to being a very serious accident occurred last week when Mrs. Zillwood, who was riding in company with a party of friends near Swale Lake, was thrown from her horse and striking some obstacle, her foot having become entangled in the stirrup.—No better weather could be desired by the farmers than that which has been prevailing for the past few weeks. Warm rains and bright prospects have caused the crops to shoot ahead, and prospects point to the heaviest harvest the Okanagan has ever seen. |

The Week In Canada

Unemployment Commission Named
Health Insurance Now In Effect
B.N.A. Act Amendments Starts

A SEVEN-MEMBER NATIONAL employment commission was announced recently by Labor Minister Norman Rogers. Headed by Arthur B. Purvis, Montreal, the commission personnel includes three business men, a representative of labor, a former newspaperwoman, a university professor and a Saskatchewan farmer. The commission slate: Arthur B. Purvis, Montreal, chairman; A. N. McLean, Black's Harbor, N.R.; Alfred Marois, Quebec; Tom Moore, Ottawa; Mrs. Mary M. Sutherland, Wells, B.C.; W. A. Mackintosh, Kingston, Ont., and E. J. Young, Dummer, Sask. Its purpose according to Chairman Purvis, is to

Hon. Norman Rogers and put people to work. Its first function will be to try and get at the actual facts in respect to unemployment in Canada. Its first meeting will probably be held in about a week, when plans will be made for carrying on the work. It will work in close co-operation with the Department of Labor.

Moving ahead to establish a system of health insurance in British Columbia as soon as possible, the provincial government brought the act passed at the last session of the legislature into effect Monday, May 18. Premier Pattullo, who announced the decision, said this would pave the way for setting up the health insurance commission and the organization of the administrative staff. Hon. G. M. Weir, provincial secretary, sponsor of the health insurance measure, said it would take from four to six months to set up the machinery for the scheme which means that collection of levies and payment of benefits probably would not start until October or November. The health insurance commission, which may consist of from three to five members with a full-time chairman, will be appointed shortly.

The government last week took the first step to amend the constitution, giving the provinces wider taxation powers when Justice Minister Lapointe moved a resolution in the House of Commons which, if passed, would result in amendments to the British North America Act by the United Kingdom parliament. Right-of-the-Canadian parliament to amend the constitution itself was not suggested in the resolution. When the four original provinces formed Confederation they abandoned their right to collect the most important taxes, namely, federal subsidies, which from time to time have been increased. The provinces did not have sufficient taxation sources when limited to direct taxes, Mr. Lapointe said. The alternatives were to give them part of the indirect taxation field or increase their subsidies.

Leaders of the two major parties in the House of Commons refused to agree to an early discussion of the League of Nations and the continuance of sanctions against Italy when J. S. Woodsworth, C.C.F. leader, raised the question. Prime Minister Mackenzie King suggested in view of the delicate condition of affairs in Europe a precipitate discussion of the question in the Canadian parliament might not be the best course and he called for a solution of international problems. Conservative Leader Bennett said the house should be guided by Mr. King's judgment as he received information no one else received. Mr. Woodsworth started with a series of questions to Mr. King. When the prime minister said a decision would be taken later in the session, Mr. Woodsworth declared this was not satisfactory and the government should take the house into its confidence at an early date.

Ontario will fight "to the limit" any move by the Canadian Pacific railway to establish a line into the mineral area of northern Quebec, close to the Ontario-Quebec boundary, Premier Mitchell Hepburn said last week. "I will get the details of this alarming situation," said the premier, "and for the present I want to say that it is apparent that the C.P.R. intends to invade the territory served by our two publicly-owned systems, neither one of which at the present time is able to pay the interest charges on the loans advanced it by the public."

The Dominion Government would be willing to co-operate with the Alberta Government in a refunding scheme for the province's debts if Premier Abernethy could arrange with bondholders to accept a 3 per cent. interest. It is reported from Ottawa, Finance Minister Dunning, it is said, urged the western Premier to get in touch with actual holders of Alberta bonds in Canada, in the United States and in the United Kingdom and ask them to appoint committees with which the Alberta Government could negotiate for a voluntary scaling down of interest rates. If Premier Abernethy could achieve some friendly settlement with the bondholders, obtaining their consent to accept, say, 3 per cent. interest instead of 5 or 6 per cent., on the grounds of the province's inability to pay more than 3 per cent., the Dominion Government would be willing to co-operate.

Authorities at Ottawa in touch with the situation have no information confirming western reports of another trek of unemployed to Ottawa, under Communist auspices. The advisers are to the contrary. Some weeks ago there were signs of a plan for men moving eastward, singly or in small groups, and finally concentrating at a given date in Ottawa. This movement has been abandoned, according to advisers. The recent finding of the tribunal at Regina establishing definitely that last year's excursion to Ottawa was organized by "Reds" has had a quieting effect, but the decision to break up the camps for single unemployed men is considered even more helpful. The agitators will not have the same material to work on or the facilities for doing it.

SHIPPERS' GOLF TOURNAMENT IS WELL ATTENDED

Largest Entry List In Several Seasons—Kelowna Men Are Prominent

With a larger entry list than for several years, the annual Shippers' Golf Tournament was held over the course of the Kelowna Club on Monday and Tuesday of last week. Kelowna golfers were prominent in all competitions, and carried off the majority of trophies and prizes. Following is a list of the winners:
The Pacific Mills Cup, 18 holes, handicap, D. E. Oliver, Kelowna. Runner-up, R. Parkinson, Kelowna.
The Westminister Paper Company's Cup, open competition, R. Lupton, Kelowna. Runner-up, B. H. Lupton, Kelowna.
The Vancouver Ice and Cold Storage Cup, 18 holes, handicap, C. Rowcliffe, Kelowna.
The American Can Company Cup, 36 hole handicap, D. Buckland. Runner-up, R. Lupton.
The Canadian Industries Cup, 18 hole handicap, Messrs. Reid and Benmore. Runners-up, Messrs. Lupton and Rowcliffe.
The Canadian Bag Company Trophy, 18 hole handicap, Messrs. Lupton and Rowcliffe.
Approaching competition, H. G. Greenwood, Vernon. Second, Gilbert Davies, Kelowna.
Putting competition, R. Simpson, Oliver. Second, C. Brosi, Vernon.
Long drive, T. A. Duthie, Portland, 246 yards.
Ladies' competition, Miss Jean Rowcliffe, Kelowna. Second, Mrs. C. Brosi, Vernon.

KELOWNA ENTERS FIRST BERTH IN SOUTHERN LEAGUE

Orchard City Nine Downs Rutland 8-4 In Sunday Tilt To Take Leadership

RUTLAND, B.C., May 25.—Kelowna defeated the Rutland nine here on Sunday by 8 runs to 4, thereby placing themselves in first place in the Southern League. These teams were the only ones playing in this league Sunday, no other games being scheduled, the game being one that was postponed from the first opening day on account of rain. Rutland led 5-3 at the end of the 4th, but lost the game in the 5th when hits, coupled with errors gave Kelowna no less than 8 runs. Wostrowski was relieved on the mound by Bach, who held the Kelowna nine to one hit for the rest of the game, but Moebes, the Kelowna hurler settled down to pitch good ball for the visitors and no further score resulted. Next week the same teams play again in Kelowna. Following was the score by innings:
Kelowna 2 0 1 5 0 0 0 0 3
Rutland 3 1 0 1 0 0 0 0 3
Umpires: Reith and Wharmston.

The standing of the various teams in the southern loop is now as follows:

Team	W	L	Pct.
Kelowna	3	0	1.000
Penticton	2	1	.666
Summerland	2	1	.666
Rutland	1	2	.333
Oliver	1	2	.333
Peachland	0	3	.000

ARMSTRONG SPRING FLOWER SHOW IS MOST SUCCESSFUL

Over Twice As Many Entries In All Classes As Last Year—Judging Difficult

ARMSTRONG, B.C., May 26.—With fully twice as many entries as last year, the spring flower show, at the Armstrong Recreation Hall on May 16, under the auspices of the Armstrong and District Horticultural Society, may justly claim to have been "bigger and better than ever."
The judges, Mrs. Hunt and H. H. Evans, of Vernon, found work enough to keep them busy for some time in the numerous entries in each of the nineteen separate competitive classes; but still found time to view with critical eye and to admire the special exhibits that were prepared.
Worthy of very special mention and most highly commended was a display of flowers from the garden of Mrs. T. K. Smith.
The judges expressed themselves as greatly impressed with the quality and variety displayed, and the officers and members of the Association were gratified at the keen interest shown by an ever increasing number of amateur gardeners. While the exhibit itself is an increasingly popular event, the chief source of satisfaction is to be found in the marked improvement seen in the various gardens throughout the city and district.
Awards in the various classes were made as follows:
Tulips, collection, P. Sugden, E. Poole, T. Thomas; special, Mrs. L. Taylor, Tulips, vase, W. G. Gray, Mrs. Thompson, Mrs. T. Warner, Polyanthus, A. J. Pifer, Narcissi, Mrs. P. Pifer, Narcissi, yellow, Mrs. Thompson, Narcissi, yellow, Mrs. Sugden, Iris, Mrs. Empey, Hyacinths, grape, T. Thomas, Lily of the valley, P. L. Sugden, A. J. Pifer, Iceland poppies, A. J. Pifer, T. Thomas, Japanese peony, A. J. Pifer.
Rock plants, collection, Frances Hopkins, Arabis, Mrs. P. Pifer, A. J. Pifer, Bleeding Heart, T. Thomas, Trollius, T. Thomas, Lilac, Mrs. Empey, Frances Hopkins, Mrs. T. Warner, Ranunculus, Betty Thomas, Collection of house plants, Mrs. Empey.
Wild flowers, collected by children under ten years of age: T. Warner, C. Thompson, D. J. Bickell, Shirley McLeod, Sheila McLeod.
Wild flowers, children over ten: B. Warner, Frances Hopkins, Dorothy Hopkins, Mike Popowich; special prize, Alfred Tooley.

RESTORE PART OF CUT IN CIVIC SALARIES

KELOWNA, B.C., May 19.—The Kelowna City Council recently passed a resolution restoring 2 1/2 per cent. of the salary cut to the permanent city staff. This leaves only 2 1/2 per cent. of the original cut unrestored.

Podigree certificates registered by the Canadian National Livestock Records, approved by the Dominion Minister of Agriculture, for the first four months of 1936 numbered 28,012.

"The Outlet For Vast Agricultural Surplus Is In Our Factories"

Volume of Stomachs is Not Great Enough To Absorb Present Food Production Says Dr. Allen Harris

"The outlet for the vast surplus of agricultural goods is in the factories," This was the statement around which Dr. J. Allen Harris, representative in the provincial legislature for South Okanagan, developed a most interesting and forward-looking address, in speaking before the Associated Boards of Trade gathering in the Royal Anne Hotel at Kelowna last Friday evening.
After pointing to the various factors which in the past decade or two have led to the creation of unwieldy surpluses of the products of the farms, Dr. Harris remarked:
"The volume of stomachs in the world is not great enough to absorb agricultural production, and, if disaster is to be avoided, some other outlet must be found."
Steps are already being taken to find markets, through industrial channels, for farm goods. In this regard the speaker emphasized the splendid lead that has been given by Henry Ford; who has not only preached theories but has also given very marked practical demonstrations.
Ford, he explained, has used soy beans, honey, corn, wool, cotton, and many other products, towards industrial ends, and already a tremendous wave of interest in this development is sweeping the United States.
Dr. Harris stated that he had attended a regional conference of scientists, industrialists, and farmers, held recently at Fresno, Cal., when this question was given thorough discussion. What struck him was the prospect that was being opened up for the utilization of waste fruits, and he offered the hope that the Okanagan would benefit by this movement.

"Industrialists are beginning to realize that their welfare is closely linked with that of the agriculturist. It is an encouraging sign, and one that augurs well for the future."
He pointed out that the first conference that had been arranged by Henry Ford, in reference to the utilization of farm products in industrial processes, brought only 300 representatives of industry together. They came, not greatly interested, but persuaded by the power of Ford's personal invitation. Much enthusiasm was developed, however, and a more recent conference, held at Dearborn, attracted 1,500 hotel reservations almost as soon as the announcement of the conference date had been made.

"In these developments lie our hopes here in the Okanagan. We have the fruit. We have the land. We are now troubled by surpluses, but have we exploited the possibilities of all our crops?"
In the Summerland Experimental Station, to which Dr. Harris gave high praise, research work is being undertaken which has already shown the great potentiality of Okanagan soil.
"Do you know," Dr. Harris asked his audience, "that here in the Okanagan we can develop 35 bushels of soy beans to the acre?"
"What we must do here in the Okanagan, and in this province, is to get together the industrialists and farmers, and tie in with the program that is now sweeping the United States. There are untold possibilities in doing so."

Dr. Harris explained that he had been absent to a large extent from his constituency, but it had been his wish to attempt to study the agricultural situation from a broad and scientific viewpoint, to gather data in travelling about, and to secure a foundation of theory and fact upon which to build plans for the betterment of the Okanagan.
"Irrespective of my own, or the electors' decision, as regards my future legislative activities," he stated with a smile, "I shall continue to do whatever I can to further this line of effort."
Earlier in his address, Dr. Harris had given attention to the factors which had intensified agricultural problems in recent times.

He developed some most interesting points. For one thing, he showed that there were in a million less horses used on farms in 1931 than in 1921. The food consumption of these horses was wiped out, and it was the equivalent of the consumption of 40 million people. This meant the loss of a really huge market. In addition, the farmers who formerly cultivated the food for their horses right on their own farms, now pay out, in the United States, three and a half billion dollars annually for gasoline. The advent of motorized traffic, moreover, seems to have directly affected the consumption of food by people. For one thing, they eat very much less meat than formerly, and it has been estimated that the drop in general consumption in this regard is the equivalent of the consumption of 50 million people on the old standards.
The war, of course, offered another dislocating effect. Under its stimulus production was tremendously stepped up. Then with the peace, millions of

OLIVER INDIAN BOY'S PAINTING WINS WIDE NOTICE

OLIVER, B.C., May 23.—The Birth of Christ has been the subject of many painters, famous and unknown, throughout the world, but possibly none has shown the originality and native simplicity of an Indian boy, Francis Baptiste, who saw the event in his own boyhood surroundings and painted his impressions on a piece of buckskin.
The youthful artist is a pupil of Inkamkeep Indian school, Oliver. His teacher, Anthony Walsh, sent the picture to the Royal Drawing Society's annual display at the Guildhall, London, where it won the bronze star in the children's exhibition. Two other pictures painted by the Indian lad received honorable mention.

English papers reproduced "The Canadian Nativity," and gave much publicity to the entry, among thousands of others, of the Indian lad from Canada. The Toronto Mail and Empire reproduced the picture in its pages of the May 1 issue.

The painting shows the Christ Child in Indian baby trappings beneath a spreading tree. Two Indian women are kneeling beside the child, while nearby looking on in silent and humble admiration are a moose, a deer, a fawn, a squirrel, and several birds; a mountain sheep and a mountain goat look down on the scene from a rocky crag. The two women, hands clasped, gaze with reverence and awe on the face of the child.

Henry Baptiste is a grandson of Baptiste George, chief of the tribe, who last year was presented with one of the King's Silver Jubilee Medals. Henry is also fond of sports and has shown considerable ability as a boxer. He has appeared on the last two fight cards in Oliver, and will fight here again on the boxing and wrestling program May 25.

"I thought I couldn't own a Hudson... until I asked the price"

"Imagine a car like this... at a price as low as this!"

MOST people guess the price of a Hudson Eight far higher than it really is. Many of our own owners, right here in town, have told us they didn't think they could afford a car so fine... until they learned how little it cost to buy and run.

It's a natural mistake to make. With its new, advanced styling, this 1936 Hudson looks like a high priced car. In wheelbase... all-over size... room for heads, shoulders, legs... it is actually bigger than Eights costing hundreds of dollars more.

Hudson power sounds like "big money," too... 113 or 124 horsepower. But the truth is, you can't get over 105 horsepower in any other Eight priced \$200 higher. Nor match Hudson's smoothness at any price!

Hudson's low price is even more surprising when you see sworn owner statements reporting gas economy equal to most small Sixes. And total mileages of 150,000, 200,000 and up.

Come in and take a "Discovery Drive" today, in a Hudson Eight. Compare Eights... compare prices... and you, too, will discover how easily you can own a Hudson.

ARMSTRONG WILL RE-OPEN THEATRE

Board of Trade Told Post Office Not Likely To Be Built In Near Future

ARMSTRONG, B.C., May 19.—Responding to the call of the Armstrong Board of Trade, a representative gathering of business men and citizens attended a meeting in the City Hall on Friday evening, May 15, for the purpose of discussing a number of matters of interest to the community.

J. E. Jamieson, president of the board of trade, occupied the chair.

For some time there has been a feeling that steps should be taken leading to the re-opening of the local theatre. At a number of other points this matter has been taken in hand by a committee of business men who have rented the building and equipment, and made a success of the project.

Following a general discussion, a proposition was put before the meeting by Cyril Smith and Colin Lefroy, who they would undertake to open and operate the theatre on a guarantee from the business people of the city, until such time as they could re-establish confidence with a continuity of good pictures. The proposition met with favor, and the meeting endorsed a resolution to guarantee for a period of six months any deficit up to ten dollars per week that Messrs. Smith and Lefroy might encounter in re-opening and operating the theatre.

An advisory committee consisting of J. R. Clarke, R. M. Ecclestone and W. F. Youngblood was appointed to act in conjunction with Messrs. Smith and Lefroy in the selection of films and the general operation of the theatre.

In response to a largely signed petition recently sent to Ottawa stressing the need of a new Post Office at Armstrong, a letter from the Federal Department of Public Works was read, stating that no provision had been made for the erection of a government building at Armstrong.

The secretary was instructed to press the matter further, providing the department with such data as should make clear the need of a new Post Office at this point.

In view of the projected tour of the Okanagan Valley in June of a demonstration car of the General Electric Corporation, a request had been made that Armstrong be included in the itinerary of the car. The secretary read a letter replying to this request and stating that the car would spend some time in Armstrong.

A matter of wider interest was introduced by E. Groves. Recent legislation governing motor transportation has placed license and insurance restrictions at a point which practically prohibits the carrying on of taxi service in any of the smaller centres of population. The volume of business available in these centres would not warrant the expenditure necessary to comply with the new regulations, and consequently, it is impossible to hire a taxi in these communities. A number of those present expressed their views in the connection and steps were taken towards seeking redress from the proper authorities.

Honey absorbs moisture from the air and loses aroma and flavor rapidly. Therefore, says the Dominion Apiarist, honey should not be left uncovered any longer than is necessary.

Vic's Vacation In The Okanagan

By Peggy Harvey

Chapter 3

RESCUING A BEWILDERED COW

HE excited mother cow, dragging her broken tether, reached the lake shore too late. The ferry carrying her calf had just left the wharf for its trip across Lake Okanagan. The cow could see her little one standing on the ferry's scow. Its back was humped. It was unhappy and frightened. And her heart went out to it in love and pity. Where were they taking her helpless baby, she wondered.

"Moo-oo-oo" she called to it. "Maaa-aa!" it answered in glad recognition.

Her little one wanted her—of course it wanted her. And she must go to it. Into the water after the departing ferry she plunged. No one noticed her. And soon she was away out in the deep swimming bravely. Her one thought was to reach her baby. But the ferry travelled fast and left her far behind. Soon it was beyond her sight. But the mother cow kept swimming on. Presently the land, too, disappeared. And

there was nothing but water on all sides of her. She couldn't tell in which direction to go. She started to swim in despairing circles. And she was getting tired.

Paddling along the lake shore in their old Peterboro canoe came Benny and Vic. They were happy. And they were singing at the tops of their voices. "There's an old spinning wheel in the parlor."

Suddenly Vic stopped paddling and pointed. "Geet! Look! kid!—what's that?" he cried, and added excitedly: "It's Ogo-pogo, I believe."

Benny shaded his eyes and took a long look before replying: "Well, it looks like it has horns—whatever it is."

"The boys, turning their canoe, paddled out into the lake. And soon they were close enough to get a better view of the strange object.

"Geet-rusum!—it's a cow. What is she doing away here in the middle of the lake?" cried Vic.

"And it's Ted Tailor's old Maud—as sure as you're alive. Gosh! We'll have to get her to shore, somehow," said Benny.

"Here, Maud! Come, Maud! Co-boss! Co-boss!"

The cow turned to follow them. But she was exhausted and moved slowly. "She'll never reach shore at that rate," cried Vic. "Maybe we had better go and get help."

"No! She'd be drowned before help could reach her—if we leave her now," said Benny. "We'll have to save her, ourselves."

So the boys hastily planned what they should do. They would unfasten the mooring rope from the bow of the canoe and make a slipknot loop. Then they would throw the loop over the cow's horns and pull her along behind the canoe.

They were both perfectly at home in their old "Peterboro." But they realized that they should have to be careful. It would not do to approach the cow with the canoe side on. If she should try to climb on top of the canoe, or should poke a hole through its frail bottom with her horn—well, it might be just too bad for them!

So, when the rope was ready, Vic stood up in the bow with the loop in his hand while Benny cautiously first the canoe forward. With the first toss the rope fell short. The second toss landed the loops over one horn, only. And with the third toss Vic overbalanced and fell into the water.

"Aw, you clumsy nut! Here—you take the paddle and let me try," cried Ben as Vic came spluttering to the surface.

He reached over with his paddle and, when Vic had grasped it, pulled him towards the canoe.

"Now! Now that I'm in—in the water, I might as well go over and—and—push the rope over her—her horns," puffed Vic, clinging to the bow.

"Now! You're not a good enough swimmer."

"I am so! And, besides, I can hang on to the paddle."

Benny took the rope from Vic and, rearranging the loop, handed it back.

"All right! Go ahead! I'll hang on to this end of the rope and—hey!—lookout—behind!" he shouted as the cow, unnoticed, had come up close to Vic.

Victor turned and, with one hand still clinging to the bow, he quickly slipped the loop over the cow's horns, keeping clear of her floundering front hoofs, while Ben backed the canoe gently away. Then he scrambled in over the bow and taking up his paddle got into stroke with his cousin.

It was a long slow strenuous pull, with the cow swimming feebly. And, when they at last reached the shore, the boys were almost as exhausted as the cow. But they managed, by pulling and pulling, to get her out of the water and on the dry sand, where she sank down trembling and half dead. They gathered handfuls of dried grass and rubbed her down. And she seemed grateful.

"The poor old thing! She was mighty brave to try and swim across the lake after her calf," he said.

"Yes! I suppose she loves it just the same as our mothers love us," said Vic. "Gosh! I'll bet my mother would tear the sky down if any one tried to carry me off to kill me," boasted Benny.

"And I'll bet my mother would swim across the Pacific Ocean—full of sharks, to save me if she had to," shrilled Vic.

They were silent for a moment. Then Benny said with a sigh: "Poor old Maud! They'll kill her calf tomorrow, I suppose, and folks will cook it and eat it!"

"Aw! Why do people have to eat veal?" exclaimed Vic, and added, "Geet! I wish we could save that calf!"

There was the clatter of a horse's hoofs on gravel, and Ted Tailor galloped into view. When he saw the group on the shore he hurried over and jumping from his horse knelt down to examine his cow. Then he rose up smiling.

"Poor old girl! She'll be all right. They've phoned me from Jim Brown's."

But I didn't know it was you two kids had saved her," he said, putting an arm affectionately across the shoulders of Vic and Benny. "Was a good day's work, and a man's job and—by Jove!—you deserve to be paid for it!"

He took out his pocket-book and extracting a bill handed it to Benny. "When I was a boy I liked cash," he said. "You can give half of it to Vic. That ought to buy a baseball outfit, or something."

"Oh, thanks, Mr. Tailor!" said Benny. "Didn't expect to be paid, and—five dollars is too much!"

But Vic spoke up quickly. "Would that buy the calf back?"

"Well, no—not quite!" smiled Ted. "But why? What would you do with a calf? You couldn't take it with you to Vancouver."

"I wouldn't keep it. I'd give it back to its mother."

Ted Tailor looked at Vic curiously. Then he turned to Benny. "And what would you do, Ben—if I gave you the price of the calf?" he asked.

Benny blushed and stammered. "Aw, I'd give it back to—to its mother, too. She—she was mighty brave. And she nearly drowned herself trying to—to save it. But she

FREDRIC MARCH, NORMA SHEARER, ARE STARRING IN "SMILIN' THROUGH"

Norma Shearer's heart-stirring photoplay, "Smilin' Through," which has been brought back to the Empress Theatre on Wednesday and Thursday, June 3 and 4, in answer to a deluge of requests, presents the unique phenomenon of a star being supported by four other stars.

For appearing with Miss Shearer in Metro-Goldwyn-Mayer's talking picture version of the renowned Jane Cowl stage success are Frederic March, Leslie Howard, O. P. Heggie and Ralph Forbes, all of whom are stars in their own right.

Both on stage and screen the members of this quartet have individually headed the list of dramatic casts. Collectively they comprise the most brilliant supporting cast with which any star has been surrounded.

Another picture on this same program is "Alias Bulldog Drummond," starring Fay Wray, Jack Hulbert, and Claude Hulbert.

couldn't save it. And—and, so I'd give it back to her."

"Humph! She risked her life to save her calf—which she didn't save. And you kids risked your lives to save hers—which you did save. Eh? Well—by—Jove—I'll risk a laugh from Joe Carson to save the calf for you—if I can," he said impulsively.

He mounted his horse and as he rode off called back: "I'm going across on this ferry. Stay with the cow until I return. I'll be back on the next."

The Westbank ferry had just pulled in. Ted rode his horse on to the ferry's scow. And the ferry backed out and steamed away.

It would be an hour before the ferry returned. So the boys lay on the soft sand to wait. They were tired. But they were happy. And it was a different kind of happiness from any they had ever felt before.

They had saved a life—the life of a brace mother. And, by speaking a word, they had sent a Messenger of Mercy to rescue her little one from death. It gave them a delightful sensation of power. They felt like heroes or kings or young gods. And they lay on the golden sands and dreamed wonderful "day dreams."

After a long time Vic said: "It's about time for the ferry to be coming."

They stood up and looked across the lake. Yes, there it was! A dark speck upon the water, coming quickly this way! They watched it eagerly. Would Ted have the calf? What if he had failed to get it, after all? Maybe it had been killed before he got there! After a little while they were able to distinguish Ted Tailor's horse on the scow. And—yes, there it was—the "little calf" standing humped and frightened. Ted was bringing it back to its mother!

"Oh, goodie! Goodie!" came explosively from Vic. And the cow, startled, scrambled to her feet.

"Good old Ted!" shouted Benny, jumping about. He was so happy he felt like acting silly. And, turning to the cow—he took his hat and made a profound bow.

"Madam, I have the honor to announce that your child has been saved," he giggled.

"Moo-oo-oo!" called the cow, lifting her head and looking out to the approaching ferry. And "Maaa-aa!" came the distant voice of her calf across the water in reply.

Famous Cruise Service!

It's a lifetime thrill... and a singular experience to step aboard a Canadian Pacific steamship, to meet her competent and genial officers and crew, to taste those famous meals, dance to the ship's orchestra—but when that ship is Alaska-bound on one of her popular summer cruises, it's a sure recipe for a grand and glorious vacation.

8½ Days. Passages, meals and berth (except at Skagway). **\$90**

TULIPS FEATURE ENDERBY GARDEN CLUB'S EXHIBITS

Annual Spring Show Attracts Many Competitors—Blooms Of Good Quality

ENDERBY, B.C., May 25.—The Enderby Garden Club held its annual spring flower show in the Parish Hall on Saturday and the hall was filled with beautiful exhibits. The tulips were especially attractive, being numerous and of a good quality, although the best blooms in many of the gardens were past. The miniature rock gardens, a new feature in the Club entries, were much admired.

Prize Winners

The following were the prize winners:

Tulips
Six Darwins, same variety: Miss Robinson, Mrs. Harvey, O. F. Bigge, Six Darwins, mixed varieties: Mrs. J. A. MacPherson, Miss Robinson, Mrs. Dickson, Six Cottage tulips, same variety: Miss Robinson, Mr. Burton, Mrs. Harvey, Six Cottage tulips, mixed varieties: Mrs. J. A. MacPherson, O. F. Bigge, Miss Robinson, Six Breckers, same variety: V. Johnston, Six Parrotias: Mrs. Harvey, Mrs. J. A. MacPherson, V. Johnston, Six of any kind, not open to those competing in classes 1 to 7: Mrs. L. Gingerbread makes good upsidedown cake with apple slices in the bottom of the pan. It is quick, easy, and appetizing.

VERNON WINS FIRST LEAGUE GAME FROM SALMON ARM BY 9-5

(Continued from Page 1)

Texas leaguer over short, but R. Morton flew out to Ward, Crawford tossed out L. Scott at first base, Calvert beat out a hit to the infield, Ewart taking third. Sparrow had Calvert off first base on a quick throw, but the runner wheeled into second base and was called safe on a very close play, Ewart scoring from third. Sladen then singled through third base for his third hit of the game, Calvert crossing the plate, Jamieson then came through for his third hit of the day, pushing one into short left, scoring Sladen. John Jones, the hustling manager, then inserted himself into the game, batting for Farmer. On the first pitch he lined out to Cross, in right field, ending the rally.

Vernon came back with three runs in the eighth. Hager had replaced Calvert in the box, Jones went behind the plate, and Morton took over the first-basing job. Hager was wild walking the two tall enders of the visitors batting order. Netzel was safe on a fielders' choice, Scherle scoring. Cross hit weakly to Hager and was tossed out at first, but Crawford scored, Antilla singled left field and Netzel scored. Then Ward and Sparrow both flied out to the infield to complete the run getting for the day.

Although the locals out-hit Vernon, a number of the hits were of the scratch variety.

Manager John Jones expects the team to make a more aggressive showing in the next contest, when Kamloops furnishes the opposition on the Salmon Arm diamond next week.

A few more games should make the locals a strong contender in the race for the championship.

Ed-Dill-of-Enderby, who is the league president, was in attendance.

Box Score

Vernon	AB	R	H	P	O	A	E
Netzel, 3b	4	2	0	0	2	0	0
Cross, rf	5	1	1	2	0	0	1

*Jones, J., c	1	0	0	1	0	0	0
Hager, p	1	0	0	0	1	0	0
Totals	39	5	11	27	11	10	0

* Scott, Ivan, replaced Turner in 5th inning.

* Jones, J., batted for Farmer in 7th inning.

* Hager replaced Calvert in 8th inning.

Score by innings:—

Vernon.....1 0 5 0 0 0 3 0—9

Salmon Arm.....0 1 0 0 0 1 3 0—5

Summary: Earned runs, Vernon, 1; Salmon Arm, 5. Two-base hits, Scherle, Sladen, 2. Double play, Sparrow to Macdonald to Antilla. Seven hits, 6 runs off Calvert in 1 innings; one hit, 3 runs off Hager in 2 innings. Struck out, by Sparrow, 10; Calvert, 8; Hager, 1. Bases on balls, Sparrow, 2; Calvert, 3; Hager, 3. Wild pitches, Calvert, 2. Passed balls, R. Morton, Stolen bases, Cross, Macdonald, Scott, L., Calvert, Sladen, Jamieson. Hit by pitcher, Morton, J., by Sparrow. Left on bases, Vernon, 8; Salmon Arm, 10. Umpires, Monsees, at the plate; Beddington, on the bases. Time of game, 2 hours, 20 minutes.

In the only other league game played on Sunday, Revelstoke defeated the Kamloops team on the latter's home grounds by an 8-6 score. Kamloops had decided trouble with the pitching staff, yanking one man in the first half, while the second moundman couldn't find the plate consistently.

WEDDING BELLS

Ferguson-Mayho

An attractive garden wedding was solemnized on Monday, May 25, in the grounds of St. Michael's School, Vernon, when Elizabeth May "Betty" Mayho, the daughter of Mrs. W. Mayho, of St. Michael's School, and John Thomas Kellington Ferguson, the youngest son of Mr. and Mrs. R. A. Ferguson, of Vernon, were united in marriage. The Rev. Dr. Jenkin H. Davies performed the ceremony.

The bride's procession approached the rose arbor where the ceremony was performed, through lines of scholars to the singing of "The Voice That Breathed O'er Eden." The bride on the arm of her uncle, Arthur Beasant, and beautifully gowned in a dress of white silk voile and large white crinoline hat, and carrying a bouquet of red tulips, was preceded by two flower girls, Eva May Ferguson and Betty Halliday in dainty white organdie, Kate Green, away dresses and caps to match, with colonial bouquets of blue bells, pink tulips, and white lilac, and the two bridesmaids, the Misses Beth Ferguson and Frances Parks in green net frocks with green silk hats with bouquets of white lilacs and yellow tulips.

The groom was accompanied by Earl Grey as best man.

Mrs. Archie Fleming gave a beautiful rendering of "All Joy Be Thine," during the signing of the register.

A large number of guests attended and dainty refreshments were served in the garden. Dr. Davies proposed the health of the bride and groom.

The many and handsome wedding presents were on display in the school gymnasium.

The happy couple left by car for points in Washington and will shortly return to their home in Penticton.

McGowan-Clark

The Gospel Hall was the scene of a quiet wedding on Thursday, May 21, when Margaret Edna, the eldest daughter of Mr. and Mrs. H. Clark, of Swan Lake, became the bride of Richard Morrison, the youngest son of Mr. and Mrs. J. K. McGowan, of the B.X.

The ceremony was performed by Evangelist W. Wilson, of Saskatoon, Sask., an old friend of both families, in the presence of a number of relatives and friends.

The bride was given in marriage by her father, and was attended by her sister, Miss Elsie Clark. The groom was supported by Robert Dawson.

Miss Dorothy Stanley played the organ.

After the signing of the register, the relatives and a few immediate acquaintances of the happy couple gathered for a reception at the home of the bride.

LILY PONS' AMAZING VERSATILITY SHOWN IN HER FIRST FILM

Demonstrating for the first time the amazing versatility of Lily Pons, RKO Radio's "I Dream Too Much," at the Empress Theatre on Monday and Tuesday, June 1 and 2, introduces the world-famed diva to screen audiences as opera star, talented actress and fascinating personality. Miss Pons sings both grand opera and popular songs and gives a strikingly vivid characterization of a little French girl avidly hungry for life and love. In her portrayal, the star demonstrates exceptional talent for whimsical, delightfully human comedy. Henry Fonda, sensational young actor, plays the romantic lead opposite Miss Pons.

NARROW ESCAPE FROM DEATH

OLIVER, B.C., May 26.—Four persons narrowly escaped serious injury, or death, yesterday afternoon when a sedan, driven by Angus Crawford, of Blakely, B.C., failed to make a turn seven miles south of Oliver. The car rolled over a number of times, smashing glass and crushing fenders and top. Mrs. Crawford suffered sprains and was shaken up, and her son and daughter received cuts and bruises.

ered for a reception at the home of the bride's parents.

Mr. and Mrs. McGowan have taken up residence at the Belgian Orchards.

McDonald-Duffell

A quiet wedding was solemnized by the Rev. D. J. Rowland at his residence on Friday, afternoon, May 25, when Grace May Duffell, the daughter of Mrs. Charles Bird, of Vernon, became the bride of Donald Neil McDonald, formerly of Vernon and now of Kaledon. The bride was attended by her mother, while George Viel supported the groom.

Following the ceremony a reception for relatives and immediate friends of the happy couple was held at the home of Mrs. Bird.

Mr. and Mrs. McDonald left on Friday evening for Kaledon, where they will reside in the future.

Matsu-Usawa

SUMMERLAND, B.C., May 25.—The marriage of Miss Mary Usawa, eldest daughter of Mr. and Mrs. Sam Usawa, with Arthur Matsu, nephew of Frank Ageno, was solemnized on Tuesday, May 19, at the latter's home.

The ceremony was conducted by the Rev. E. S. Yosaki, of Kelowna.

Mr. and Mrs. Matsu are spending a honeymoon at the coast, and on their return will make their home here.

LOCAL BOWLERS WIN TROPHIES IN HOLIDAY MATCHES

Kennedy and Drew Cups Captured By Vernon Rinks On Empire Day Here

Capturing the Kennedy and Drew Cups and progressive games, local bowlers took the majority of the awards in a series of matches played on the greens of the Vernon Lawn Bowling Club on Monday last. In addition to the Vernon players, two rinks each were present from Salmon Arm and Armstrong.

The winners of the Kennedy Cup, with 109 points, were T. Martin, E. Belgrave, W. L. Pearson, and E. W. Pitman, skip; while the runners-up were R. Reid, A. S. Hurlburt, A. J. Kent, and C. Griffin, skip, with 92 points.

Miss R. Hurlburt, Miss G. Gallachan, and Mrs. J. Stark, skip, were the winners of the Drew Cup, with the runners-up being Mrs. Pointer, Miss A. Oliver, and Mrs. W. G. Drew, skip.

In the progressive games the rink of Mrs. A. Reader, A. C. Liphardt, Mrs. J. Henderson, and Mrs. A. S. Hurlburt, skip, captured the first prize with 43 points. The runners-up were Mrs. H. Brown, Miss A. Oliver, and Mrs. W. G. Drew, skip, with 32 points.

INDUCTION OF NEW ELKS LODGE AT OLIVER

OLIVER, B.C., May 25.—Induction of Oliver Lodge No. 267 of the Benevolent and Protective Order of Elks took place in the Legion Hall, Oliver, Wednesday evening, May 20, with 33 applicants on the roll. Ceremonies were in charge of Dominion Grand Organizer, P. A. Miquelon, of Winnipeg. Officers of the new lodge are: Exalted Ruler, G. A. Stuart; Leading Knight, V. Fairweather; Loyal Knight, Frank Venables; Lecturing Knight, H. E. Padgett; Secretary, P. G. Coates; Treasurer, L. F. White; Esquire, Robt. McNeill; Inner Guard, C. Andrews; Tyler, C. W. Jamieson; Trustees, J. H. Ritchie, D. V. Wood, Wm. Cryderman. Officers of Oliver Lodge were installed by P. A. Miquelon, assisted by Charles Friend, Exalted Ruler of Kelowna Lodge. Forty visiting officers and members were present from Penticton and Kelowna.

After institutional ceremonies a banquet was held in the dining room of Hotel Reopel.

C.C.F. MEMBER "DISAPPOINTED" BY EXPERIENCE

Legislature Only Interested In Indemnity Payments, Charges Winch

Characterizing his experience in the provincial legislature as "one of the most bitter disappointments I have ever received," E. E. Winch, C.C.F. member for Vancouver East, gave a lengthy address to a good sized audience in the Burns' Memorial Hall on Friday night of last week.

"I had thought to see people there interested and sincerely attempting to cope with problems confronting us, and instead I saw us qualifying for our \$1,600 sessional indemnity," he declared. "One of the major themes of conversation is regarding when the session will close," the speaker stated, "as that's when we receive the \$1,600."

The stand taken by the C.C.F. on the Health Insurance bill was explained at length by the speaker, who declared that the party was in favor of the principle and hereafter considered it in the best interests of the citizens to have the measure on the statute books.

The great objection to it was that the bill did not go far enough, as the C.C.F. claim that many more should be brought under its provisions. Two amendments were, however, accepted. One raised the age of dependents under the terms from 18 to 21 years of age, and the other made it possible for anyone earning over \$1,800 a year to come under voluntarily.

"I do not doubt that you as an audience are as critical of the act as we were, but the fact remains that British Columbia is the first government in the Dominion to introduce health legislation, and that means that in time it will come to all other provinces," Mr. Winch stated.

The financial aspects of the act will not prove a great burden on the workers as contributions are from 35 cents to a maximum of 70 cents a week, and will probably be much lower. On the other hand it will remove the haunting dread of the lack of medical attention which every family sooner or later needs.

Another point of criticism made in the legislature by his party, Mr. Winch stated, was the amount set aside for expenses of officials, some of the salaries being far too high.

Praises Dr. Weir
The speaker also paid a tribute to the Hon. Dr. G. M. Weir, provincial secretary, who, he declared, "had fought the bill through in spite of all opposition."

OLIVER TO HAVE MORE STORAGE

OLIVER, B.C., May 25.—Increased storage space for apples will be provided at the packing house of the Haynes Co-operative Growers, to take care of expected boost in tonnage this year. An addition measuring 20x110 feet, running the whole length of the building, is to be built on the packing house. Haughton & Dalrymple, local building firm, have the construction contract, and work will commence the first of June.

Organized a year ago, the Haynes Co-op. has successfully completed the first year of operation and the directors are looking forward to a bigger year in 1936, with larger acreage and increased tonnage.

PEACH GROWERS HANDICAPPED

Australian canned peaches are being sold at Canadian points at \$1.35 per dozen cans, taxes paid. The Department of Trade and Commerce has been asked by the Canadian Horticultural Council to investigate this matter to the end that Canadian growers may make a reasonable profit on their production through processors being placed in position to meet their regular quantity of home grown peaches.

In Memoriam

McLEAN—In ever loving memory of a dear husband and father, Duncan J. McLean, who died May 29, 1935.

Long days and nights he bore his pain. In wait for cure, but all in vain, God, himself, knew what was best. He called him home, and gave him rest.

Always remembered by his wife and family. 49-1p

BRADFORD—In loving memory of William Bradford, who passed away May 31, 1935.

Nothing can ever take away The love a heart holds dear. Fond memories linger every day, Remembrance keeps him near.

Sadly missed by his mother, father, sisters and brother. 49-1p

WILLIAM BRADFORD—In loving memory of a dear husband and father, who was taken from us so suddenly May 31, 1935.

"We will never cease to miss him." Inserted by Mrs. W. Bradford. 49-1p

Cards of Thanks

The families of Vosper and Ward wish to thank all their friends for their kindness, sympathy, and beautiful floral tributes during their recent sad bereavement in the loss of their little son and brother. 49-1p
